

Expertise for smooth and efficient Poly deployments

HP Communication & Collaboration - Configuration & Deployment Services

Seamless services for your business collaboration needs

In the swiftly evolving landscape of modern work, the urgency to optimize productivity has become more pronounced than ever. Faced with the challenges of a dispersed workforce, the need for seamless collaboration is paramount.

HP Communication & Collaboration - Configuration & Deployment Services are designed to help you increase your collaboration success with service capabilities that enable the quick installation and operational start of your Poly collaboration devices.

FAST-TRACK SUCCESS WITH EXPERT DEPLOYMENTS

Accelerate your collaboration business goals with HP Configuration & Deployment services, which enable you to deploy devices with efficiency and precision.

TURBOCHARGE DEPLOYMENTS AT SCALE

Achieve a fast, scalable solution deployment with packaged, proven, and integrated services based on standardized processes—accelerating your ROI.

EXTEND IT SKILLS FOR ONSITE OR REMOTE ROLLOUTS

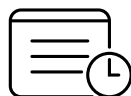

Enhance your deployment team's productivity by providing proficient HP experts with Poly expertise to smoothly execute your collaboration installation.

OUTSOURCE WITH CONFIDENCE

Gain peace of mind. Engage an HP expert in Poly Solutions to handle the remote or onsite installation and manual configuration of your devices.

Unlock business potential with HP Configuration & Deployment Services - Your trusted partner in unmatched expertise and reliability

HP is committed to providing world-class configuration and deployment expertise to help you speed productivity and save valuable time and resources, allowing you to focus on your core business while HP gets your team collaborating quickly.

Installation Services

Expert Poly installers can perform Installation Services for swift setup, enabling prompt use of your Poly communication and collaboration solutions with minimal delay. Services can be performed remotely or onsite.

Remote Installation

Work with a Poly technical expert on the phone for remote site evaluation, installation, configuration, and testing of your Poly device capabilities. Enjoy a 30-minute orientation¹ on its new setup.

Onsite Installation

Upgrade to an Onsite Smart Hands² technician, who will work with a remote Poly technician to complete your installation - from unpacking your device through to installation signoff.

Experience dependable deployment with HP

With HP Configuration & Deployment services, you can rest assured that your company's collaboration needs will be met with ease and precision. Trust in HP to handle the technical aspects, allowing you to devote your time and energy towards reaching your other important business goals. Let HP be your partner in success.
