# Get Windows productivity on your HP Chrome OS Enterprise Device

Introducing Parallels® Desktop for HP Chrome OS Enterprise devices

Empower users with maximum Windows productivity—accessing full-featured legacy apps, even offline. Parallels® Desktop for HP Chrome OS Enterprise devices brings Windows to Chrome OS devices with simple, secure orchestration and use.

CHROME OS AND WINDOWS, TOGETHER

Harness the combination of Chrome OS and Windows. Seamlessly switch between environments or run both side-by-side and enjoy offline file access.

SIMPLE TO DEPLOY AND MANAGE

Easily administer, license, and manage this desktop solution, addressing specific needs across your organization with the app licensing feature in the Google Admin console.

SECURE BY DESIGN

Minimize security threats with the inherently secure, integrated Chrome OS, while running your essential Windows apps safely within Chrome OS sandboxes.

Why Parallels® Desktop for HP Chrome OS Enterprise devices

CROSS-PLATFORM SOLUTION

From copy and pasting content to accessing files between Chrome OS and Windows, make it easy for your users to live in both worlds and collaborate across operating systems with consistent file formatting and fonts.

Take meetings on Microsoft Teams or Zoom via their native apps on Parallels® Desktop.

SINGLE-CLICK ACCESS

Easily download, verify, and access the Windows Virtual Machine with a simple click on the Parallels® icon.

OFFLINE APPROVED

Efficiently work anytime, from anywhere, within your familiar Windows apps offline or online, regardless of your internet connection or speed.

CUSTOMIZE YOUR WINDOWS VM IMAGE

Prepare your fleet with the most applicable Windows Virtual Machine image for their internal organizational unit, and easily deploy at scale across all Chrome OS devices within each group.

PERIPHERAL FRIENDLY

Adjust your Windows Virtual Machine and Chrome OS windows to full screen, side by side on one display, or extend across two displays. Connect your mouse, keyboard, dock, webcam, and other accessories.

Free 1-year Parallels® Desktop
