

# Restore PC performance and employee productivity

## HP Device Life Extension

## Maximize the useful life of your PCs

Why wait for the next IT refresh to give your employees and PCs a performance boost, when you can optimize your existing PC fleet?

With the HP Device Life Extension Service, you can get protection for employee productivity in case you need to keep PCs longer than expected.

When aging PCs start slowing down your business, you simply ship them in for a tune-up to restore performance, enhance functionality, and keep carbon emissions lower than buying a new PC.

It also includes HP support, alleviating IT burdens and employee frustrations with sluggish devices.

Maximize your fleet performance, improve the bottom line, and contribute to a better future.

### EXTEND DEVICE LIFE WITH ENHANCED PERFORMANCE

Optimize IT investments and reduce your carbon impact by maximizing the life of your existing devices with HP Device Life Extension Service.

### MAXIMIZE YOUR IT INVESTMENT

Stretch your IT budget by increasing the longevity of devices, enabling you to defer refresh costs without compromising work performance.<sup>1</sup>

### EASE IT WORKLOADS

Improve computing experiences by letting HP proactively mitigate device performance issues, boost reliability, and extend support for your aging fleet.

### REDUCE THE IMPACT OF YOUR DEVICE FLEET

Contribute to sustainability initiatives by maximizing the usable lifespan of IT assets, helping reduce your computing carbon footprint.<sup>2</sup>

# Get the most out of your IT investment

HP Device Life Extension extends the useful life of aging devices by securely upgrading performance and addressing the most common issues that impede employee and IT productivity. The device tune up process includes deep cleaning, component replacement, data sanitization, re-imaging, and a final quality check. As a result, employees get their devices back, operating at optimal performance and functionality.

## Buy with new hardware

HP Device Life Extension can be purchased with new hardware as an optional addition to an HP Essential, Premium, or Premium+ Support Care Pack, providing coverage for either 4 or 5 years.

## Purchase for existing PCs

Customers can also purchase DLE within a limited window around the time when their existing HP Support Care Pack expires. Additionally, HP will extend hardware coverage for another year.
