

# House and Senate Office Building Floor Layouts

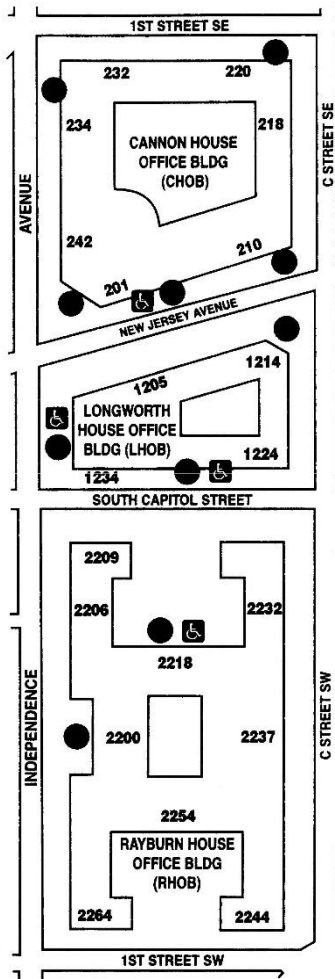

## Tunnels Between House Office Buildings

Once you've gone through security to enter one building, you can use the tunnels to access the other House buildings:

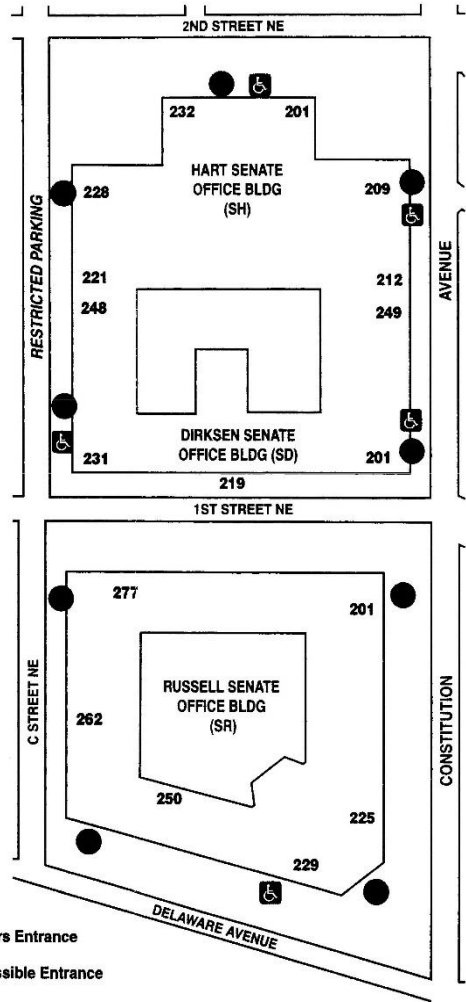

- Tunnel from **RAYBURN to LONGWORTH** can be accessed on the SUB-BASEMENT (SB) level of Rayburn – go to NE corner to take escalator up to Longworth.
- Tunnels from **LONGWORTH to RAYBURN** can be accessed on the BASEMENT(B) level on Longworth – go to NW or SW corners to take escalators down to Rayburn.
- Tunnels from **LONGWORTH to CANNON** can be accessed on the BASEMENT (B) level of Longworth – go to NE or SE corners.
- Tunnels from **CANNON to LONGWORTH** can be accessed on the BASEMENT (B) level of Cannon – go to NW corner (go into the rotunda and veer left past the shoeshine station) or SW corner.

The tunnel under the Capitol Building to get from the House to Senate is not open to the public – you must be escorted by staff.

## Getting to Sen. Vance's Office (Senate Dirksen Bldg – SDB-40) – 10:45 a.m.

If you are arriving by car or walking, enter the building through the Constitution Ave entrance. Take the elevators down to "B" level, and follow the signs for SDB 34 – SDB 47.

Those of you who are attending the 10 a.m. meetings with Rep. Jim Jordan, Rep. Dave Joyce and Rep. Bill Johnson, I have asked each of these offices to provide us with escorts under the Capitol to the Senate side. **Be sure that you're taking the subway to the Hart Building.** Once you're in the building, go past the Hart elevators to the door for the Dirksen Building. Follow the hallway and signs for Dirksen, and once in Dirksen, SDB 40 office will be on the right.
