# INFORMATION ABOUT THE VIRGINIA REGISTER OF REGULATIONS

## VIRGINIA REGISTER

The *Virginia Register* is an official state publication issued every other week throughout the year. Indexes are published quarterly, and the last index of the year is cumulative.

The *Virginia Register* has several functions. The full text of all regulations, both as proposed and as finally adopted or changed by amendment are required by law to be published in the *Virginia Register of Regulations*.

In addition, the *Virginia Register* is a source of other information about state government, including all Emergency Regulations issued by the Governor, and Executive Orders, the Virginia Tax Bulletin issued monthly by the Department of Taxation, and notices of all public hearings and open meetings of state agencies.

## ADOPTION, AMENDMENT, AND REPEAL OF REGULATIONS

An agency wishing to adopt, amend, or repeal regulations must first publish in the Virginia Register a notice of proposed action; a basis, purpose, impact and summary statement; a notice giving the public an opportunity to comment on the proposal, and the text of the proposed regulations.

Under the provisions of the Administrative Process Act, the Registrar has the right to publish a summary, rather than the full text, of a regulation which is considered to be too lengthy. In such case, the full text of the regulation will be available for public inspection at the office of the Registrar and at the office of the promulgating agency.

Following publication of the proposal in the *Virginia Register*, sixty days must elapse before the agency may take action on the proposal.

During this time, the Governor and the General Assembly will review the proposed regulations. The Governor will transmit his comments on the regulations to the Registrar and the agency and such comments will be published in the *Virginia Register*.

Upon receipt of the Governor's comment on a proposed regulation, the agency (i) may adopt the proposed regulation, if the Governor has no objection to the regulation; (ii) may modify and adopt the proposed regulation after considering and incorporating the Governor's suggestions, or (iii) may adopt the regulation without changes despite the Governor's recommendations for change.

The appropriate standing committee of each branch of the General Assembly may meet during the promulgation or final adoption process and file an objection with the *Virginia Registrar* and the promulgating agency. The objection will be published in the *Virginia Register*. Within twenty-one days after receipt by the agency of a legislative objection, the agency shall file a response with the Registrar, the objecting legislative Committee, and the Governor.

When final action is taken, the promulgating agency must again publish the text of the regulation, as adopted, highlighting and explaining any substantial changes in the final regulation. A thirty-day final adoption period will commence upon publication in the *Virginia Register*.

The Governor will review the final regulation during this time and if he objects, forward his objection to the Registrar and the agency. His objection will be published in the *Virginia Register*. If the Governor finds that changes made to the proposed regulation are substantial, he may suspend the regulatory process for thirty days and

require the agency to solicit additional public comment on the substantial changes.

A regulation becomes effective at the conclusion of this thirty-day final adoption period, or at any other later date specified by the promulgating agency, unless (i) a legislative objection has been filed, in which event the regulation, unless withdrawn, becomes effective on the date specified, which shall be after the expiration of the twenty-one day extension period; or (ii) the Governor exercises his authority to suspend the regulatory process for solicitation of additional public comment, in which event the regulation, unless withdrawn, becomes effective on the date specified which date shall be after the expiration of the period for which the Governor has suspended the regulatory process.

~~Proposed action on regulations may be withdrawn by the promulgating agency at any time before final action is taken.~~

## EMERGENCY REGULATIONS

If an agency determines that an emergency situation exists, it then requests the Governor to issue an emergency regulation. The emergency regulation becomes operative upon its adoption and filing with the Registrar of Regulations, unless a later date is specified. Emergency regulations are limited in time and cannot exceed a twelve-months duration. The emergency regulations will be published as quickly as possible in the *Virginia Register*.

During the time the emergency status is in effect, the agency may proceed with the adoption of permanent regulations through the usual procedures (See "Adoption, Amendment, and Repeal of Regulations," above). If the agency does not choose to adopt the regulations, the emergency status ends when the prescribed time limit expires.

## STATEMENT

The foregoing constitutes a generalized statement of the procedures to be followed. For specific statutory language, it is suggested that Article 2 of Chapter 1.1:1 (§§ 9-6.14:6 through 9-6.14:9) of the Code of Virginia be examined carefully.

## CRIMINAL JUSTICE SERVICES BOARD

**Title of Regulation:** VR 240-02-1. Regulations Relating to Criminal History Record Information - Part I; Criminal History Record Information Security - Part II.

**Statutory Authority:** § 9-6.14:7.1 of the Code of Virginia.

**Public Hearing Date:** January 7, 1986  
(See Calendar of Events Section for additional information)

### Summary:

*The proposed amendments to the Regulations Relating to Criminal History Record Information - Part I and Criminal History Record Information Security - Part II are submitted in accordance with § 9-6.14:7.1 of the Code of Virginia.*

*These amendments are proposed pursuant to the regulation-issuing authority granted to the Criminal Justice Services Board by §§ 9-170(1), 9-170(20) and 9-186 through 9-192 of the Code of Virginia.*

*The proposed amendment will authorize criminal justice agencies to establish and charge reasonable fees for criminal record searches when dissemination of criminal history record information is requested by noncriminal justice agencies/individuals.*

VR 240-02-1. Regulations Relating to Criminal History Record Information - Part I; Criminal History Record Information Security - Part II.

### PART I.

Pursuant to the provisions of §§ 9-170(1), 9-170(20) and 9-186 through 9-192 of the Code of Virginia, the Criminal Justice Services Board hereby promulgates the following regulations:

#### 1-0 § 1.1. Definitions.

**"Board"** means the Criminal Justice Services Board.

**"Central Criminal Records Exchange"** means that repository in this Commonwealth which receives, identifies and maintains individual criminal history records.

**"Conviction data"** means information in the custody of any criminal justice agency relating to a judgement of conviction, and the consequences arising therefrom, in any court.

**"Correctional status information"** means records and data concerning each condition of a convicted person's custodial status, including probation, confinement, work release, study release, escape, or termination of custody through expiration of sentence, parole, pardon, or court decision.

**"Criminal history record information"** means records and data collected by criminal justice agencies on adult individuals consisting of identifiable descriptions and notations of arrests, detentions, indictments, informations, or other formal charges and any disposition arising therefrom. The term shall not include juvenile record information which is controlled by Chapter 11 (§ 16.1-226 et seq.), of Title 16.1 of the Code of Virginia, criminal justice investigative information, or correctional status information.

**"Criminal history record information area"** means any area in which criminal history record information is collected, stored, processed or disseminated.

**"Criminal justice agency"** means a court or any other governmental agency or subunit thereof which as its principal function performs the administration of criminal justice and any other agency or subunit thereof which performs criminal justice activities.

**"Criminal justice information system"** means a system including the equipment, facilities, procedures, agreements, and organizations thereof, for the collection, processing, preservation or dissemination of criminal history record information. The operations of the system may be performed manually or by using electronic computers or other automated data processing equipment.

**"Department"** means the Department of Criminal Justice Services.

**"Director"** means the chief administrative officer of the department.

**"Dissemination"** means any transfer of information, whether orally, in writing, or by electronic means. The term does not include access to the information by officers or employees of a criminal justice agency maintaining the information who have both a need and a right to know the information.

**"Expunge"** means removal by a court order from public inspection or access.

**"Seal"** means to physically secure to prevent inspection,

# Proposed Regulations

except where specified by court order.

## 2-0 § 1.2. Applicability.

These regulations are applicable to originals or copies, manual or automated criminal history record information which are used, collected, stored or disseminated by a criminal justice agency of the Commonwealth, its political subdivisions, and the United States or another state or its political subdivisions but only to the extent of that exchange. Further, these rules apply to noncriminal justice agencies or individuals who are eligible under the provisions of law to receive such limited criminal history record information.

The provisions of these regulations do not apply to the original or copied records of entry, such as police blotters maintained by a criminal justice agency on a chronological basis and permitted to be made public, if such records are not indexed or accessible by name; court records of public criminal proceedings, including opinions and published compilations thereof; records of traffic offenses disseminated to or maintained by the Department of Motor Vehicles for the purpose of regulating the issuance, suspension, revocation, or renewal of drivers' or other operators' licenses; statistical or analytical records or reports in which individuals are not identified and from which their identities are not ascertainable; announcements of executive clemency; posters, announcements, or lists for identifying or apprehending fugitives or wanted persons; criminal justice intelligence information; or criminal justice investigative information.

Nothing in these regulations shall be construed as prohibiting a criminal justice agency from disclosing to the public factual information concerning the status of an investigation, the apprehension, arrest, release or prosecution of an individual, the adjudication of charges, or the correctional status of an individual, which is related to the offense for which the individual is currently within the criminal justice system.

## 2-0 § 1.3. Collection and storage.

It shall be incumbent upon each criminal justice agency maintaining a criminal justice information system to ensure the timeliness and accuracy of information in the system, collected after November 1, 1976, and dispositions shall be reported promptly to the Central Criminal Records Exchange when appropriate, or to the arresting agency for offenses not required to be reported to the Central Criminal Records Exchange, but in no case later than 30 days after the disposition. In the event inaccuracies are discovered in the information collected, the agency shall notify all agencies and individuals known to have received the information and corrections shall be made in the information.

There shall be no use or dissemination of criminal history record information by criminal justice agency personnel until it has been determined to be the most

accurate and complete information available to the criminal justice agency.

## 4-0 § 1.4. Dissemination.

All criminal history record information shall be disseminated directly or through an intermediary only in accordance with the provisions of §§ 9-184 and 19.2-389 of the Code of Virginia.

Criminal justice agencies disseminating criminal history record information shall maintain a record of such dissemination as to the receiving criminal justice agency or noncriminal justice agency or individual. The record shall consist of the date of dissemination, identifying name or number of subject record and agency or individual to whom the record was disseminated. Secondary or any subsequent dissemination by a criminal justice agency shall be guided by the same rules and regulations as outlined herein for a primary dissemination. A noncriminal justice agency or individual shall not disseminate any criminal history record information.

If a criminal justice agency determines that an agency or individual to which criminal history record information has been disseminated has further disseminated that information in violation of law, a report of that alleged violation shall be made promptly to the department.

A record of dissemination shall be preserved for a period of not less than two years from date of dissemination.

Prior to any dissemination of a criminal history record by a criminal justice agency, a query of the Central Criminal Records Exchange shall be made to ensure that the most up-to-date disposition data are used. Exceptions to this query are limited to those instances set forth in § 19.2-389(D) of the Code of Virginia.

"Conviction data" record information shall be disseminated to a noncriminal justice agency or individual in compliance with the existing laws and its use shall be limited to the purpose of the original dissemination and shall not be disseminated further.

No agency or individual shall confirm or deny the existence or nonexistence of criminal history record information to any persons or agency that would not be eligible to receive the information itself. No dissemination of a criminal history record is to be made to a noncriminal justice agency or individual if an interval of one year has elapsed from the date of arrest and no disposition of the charge has been recorded and no active prosecution of charge is pending.

Interstate dissemination of criminal history record information shall be governed by existing state and federal law.

*Criminal justice agencies may charge a reasonable fee*

# Proposed Regulations

---

*for search time expended and copying when dissemination of criminal history record information is requested by a noncriminal justice agency or individual. The schedule of fees to be charged shall be posted.*

## 5-0 § 1.5. Access and review.

Any individual or his attorney, upon proper identification, shall have the right to inspect criminal history record information being maintained on that individual by the Central Criminal Records Exchange or any criminal justice agency.

Prior to any such inspection, the agency may request a verification of the individual's identity through the furnishing by the individual of a set of inked fingerprints. Should an agency receiving such a request not have the capabilities to handle the classification of the fingerprints, same may be submitted by mail to the Central Criminal Records Exchange, which in turn will make the appropriate search and return to the requesting agency. At a minimum, verification of identity shall be a valid motor vehicle operators' license, valid nonoperators' identification card, or valid photo identification of federal or state agency.

A fee not to exceed \$5.00 may be charged by the requested agency to cover administrative costs.

Any individual or his attorney may inspect his criminal history record information arising from arrests for felonies and Class 1 and 2 misdemeanors maintained on him in the Central Criminal Records Exchange by applying at any law enforcement agency with terminal capabilities on the Virginia Criminal Information Network or to the Central Criminal Records Exchange, Virginia State Police, directly, during normal working hours.

The agency to which the request is directed shall provide reasonable assistance to the individual or his attorney to help understand the record.

## 6-0 § 1.6. Challenge.

Individuals who desire to challenge their own criminal history record information must execute the appropriate form as required and forward it to the Central Criminal Records Exchange or the criminal justice agency maintaining the record. A duplicate copy may be maintained by the individual initiating the challenge or review. A copy of the challenged record may be furnished to the requesting individual. This copy shall be prominently marked or stamped "NOT TO BE DISSEMINATED FURTHER EXCEPT AS PROVIDED BY LAW."

A fee not to exceed \$1.00 per page may be charged by the criminal justice agency.

## 7-0 § 1.7. Challenge of criminal history record maintained by the Central Criminal Records Exchange.

If the challenge is made of a record maintained by the Central Criminal Records Exchange, the manual and/or automated record shall be flagged with the message "CHALLENGED RECORD." All records disseminated shall contain this message while under challenge.

The Central Criminal Records Exchange shall compare the original input form and the information contained in the repository files and reviewed by the individual. If no error is located, the Central Criminal Records Exchange shall forward a copy of the original challenge form, a copy of the Central Criminal Records Exchange form and any other relevant information to the agency or agencies which the Central Criminal Records Exchange records indicate as having originated the information under challenge and request them to examine all relevant files to determine validity of the challenge.

The agency responsible for originating the challenged record shall conduct an examination of the agency's source data, the contents of the challenge and information supplied by the Central Criminal Records Exchange for any discrepancies or errors and shall advise the Central Criminal Records Exchange as to the results of the examination. The Central Criminal Records Exchange shall then notify the agency in which the record was originally reviewed of the Central Criminal Records Exchange's action. The agency in which the review and challenge occurred shall notify the individual or his attorney of the Central Criminal Records Exchange's action.

## 8-0 § 1.8. Challenge of criminal history record maintained by a criminal justice agency other than the Central Criminal Records Exchange.

If a challenge is made of a record maintained by an agency, the manual and/or automated record shall be flagged with the message "CHALLENGED RECORD." All disseminated records shall contain this message while under challenge.

If the challenged record pertains to the arrest information, the agency shall examine all relevant files to determine the validity of the challenge. If no error(s) is found, the agency shall then notify the agency where the review and challenge occurred, which shall notify the individual or his attorney of the action taken.

If the challenged record pertains to the disposition information, the agency shall compare contents of challenge with the information supplied by the clerk of the court. If no error(s) is found, the agency shall forward the challenge to the clerk of the court originating the disposition for examination of the court records pursuant to the challenge. The arresting agency shall then notify the individual or his attorney of the action. The clerk of the court shall cause the court records to be compared with the contents of the challenge to determine if there are discrepancies in the disposition segment of the record maintained by the arresting agency or record reviewed by the individual. The clerk of the court shall notify all those

agencies that are party to the challenge, of the results and any corrective action. The agency in which the challenge occurred shall notify the individual or attorney of action taken.

## ~~9-0~~ § 1.9. Administrative review.

After the aforementioned review and challenge has been made in either the Central Criminal Records Exchange or the arresting agency, the individual or his attorney may request in writing that the agency head review the challenge if he is not satisfied with the results of the review and challenge. The agency head or his designated official shall review the challenge and notify the individual or his attorney of the decision within 30 days of the receipt of the written request.

## ~~10-0~~ § 1.10. Administrative appeal.

After the administrative review, the individual or his attorney may in writing within 30 days of notification of the decision of the administrative review, request that the director of the department review the challenge and conduct an informal hearing before the director or a designated hearing officer. The decision of the hearing officer shall be communicated to the individual or his attorney.

## ~~11-0~~ § 1.11. Correction.

If an error is discovered, all known copies of the record(s) shall be corrected by notifying appropriate criminal justice agencies, noncriminal justice agencies or individuals in writing of the corrections to be made. This communication shall include a request for the receiving criminal justice agencies to notify any and all additional agencies or individuals known to maintain such record(s) and to make the appropriate corrective action. Upon request, an individual or his attorney shall be given the name of all noncriminal justice agencies to whom data has been furnished.

## ~~12-0~~ § 1.12. Audit.

The department shall conduct annual audits of a random representative sampling of state and local criminal justice agencies so as to ensure and verify adherence to rules and regulations and ensure completeness and accuracy of the criminal history records.

The audit reviews may include, but not be limited to, examination of record accuracy, completeness, effectiveness of the systematic audit procedures, evidence of dissemination limitations, security provisions and the individual's right of access and challenge.

## ~~13-0~~ § 1.13. Expunging and sealing.

### ~~13-1~~ A. Court order.

The director, upon receipt of a court order for the

expungement of criminal history record, pursuant to § 19.2-392.2 of the Code of Virginia, shall by letter with an enclosed copy of the order, direct the Central Criminal Records Exchange and those agencies and individuals known to maintain or to have obtained such a record, to remove the manual record from its repository and place it in a sealed, separate file identified by the Central Criminal Records Exchange number or other identifying number and mark "EXPUNGED RECORD TO BE UNSEALED ONLY BY COURT ORDER."

Should the record be maintained in an automated system, the Central Criminal Records Exchange or the agency known to possess such a record shall cancel the automated record in whatever manner necessary to preclude on-line or off-line access to the record. The automated record should be electronically erased if necessary to fully effect the cancellation. The procedures as outlined herein for manual records shall be followed.

Should an expungement court order be directed to a criminal justice agency other than the department, the directed criminal justice agency shall comply as outlined herein and without delay advise the director in writing of such order together with a copy of the order. The director shall upon receipt of such notification follow the procedure previously mentioned.

### ~~13-2~~ B. Sealed record.

No sealed record shall be subject to inspection by anyone, except pursuant to an appropriate court order.

### ~~13-3~~ C. Procedure.

Expungement of records shall be made pursuant to § 19.2-392.2 of the Code of Virginia, or as otherwise provided by law.

## PART II.

### ~~14-0~~ CRIMINAL HISTORY RECORD INFORMATION SECURITY.

#### ~~14-1~~ § 2.1. Applicability.

These regulations are applicable to all criminal justice information systems operated within the Commonwealth of Virginia. These rules and regulations on security are not applicable to court records or other records expressly excluded by § 9-184, Paragraph B of the Code of Virginia.

These regulations establish a minimum set of security standards which shall apply to any manual or automated recordkeeping system which collects, stores, processes, or disseminates criminal history record information.

Where individuals or noncriminal justice agencies are authorized to have direct access to criminal history record information pursuant to a specific agreement with a criminal justice agency to provide service required for the administration of criminal justice, such service support

# Proposed Regulations

agreement will embody the restrictions on dissemination and the security requirements contained in these regulations and the Code of Virginia.

## ~~14.2~~ § 2.2. Responsibilities.

A. In addition to those responsibilities mandated by state and federal laws, the Department of State Police shall have the responsibility for the implementation of these regulations in regard to the operation of the Central Criminal Records Exchange.

B. The implementation of these regulations, except as set forth in subsection A, shall be the responsibility of the criminal justice agency as designated and authorized by the county or municipality in cases of political subdivisions. Nothing in these rules and regulations shall be deemed to affect in any way the exercise of responsibility conferred on counties and municipalities of the state under Title 15.1 of the Code of Virginia. The determination of the suitability of the actual procedures instituted by the criminal justice agency will be the subject of study in any audit by the department, mandated by § 9-186 of the Code of Virginia.

## ~~14.3~~ § 2.3. Physical access.

Access to any area in which criminal history record information is collected, stored, processed or disseminated shall be limited to authorized persons. Control of such access shall be ensured through the use of locks, guards and/or other appropriate means. Authorized personnel shall be clearly identified.

Procedures shall be established to detect an unauthorized attempt or access. Furthermore, a procedure shall be established to be followed in those cases in which an attempt or unauthorized access is detected. Such procedures shall become part of the orientation of any employee working in criminal history record information area(s) and shall be reviewed periodically to ensure their effectiveness.

Each criminal justice agency shall provide that direct access to criminal history record information shall be available only to authorized officers or employees of a criminal justice agency and, as necessary, other authorized personnel essential to the proper operation of the criminal history record information system.

Each criminal justice agency shall institute procedures, where computer processing is not utilized, to ensure that an individual or agency authorized to have direct access is responsible for (i) the physical security of criminal history record information under its control or in its custody, and (ii) the protection of such information from unauthorized access, disclosure or dissemination.

Procedures shall be instituted to protect any central repository of criminal history record information from unauthorized access, theft, sabotage, fire, flood, wind or

other natural or man-made disasters.

All system specifications and documentation shall be carefully controlled to prevent unauthorized access and dissemination.

## ~~14.4~~ § 2.4. Personnel.

In accordance with applicable law, ordinances, and regulations, the criminal justice agency shall:

A. Screen and have the right to reject for employment, based on good cause, all personnel to be authorized to have direct access to criminal history record information.

B. Have the right to initiate or cause to be initiated administrative action leading to the transfer or removal of personnel authorized to have direct access to such information where such personnel violate the provisions of these regulations or other security requirements established for the collection, storage, or dissemination of criminal history record information.

C. Ensure that each employee working with or having access to criminal history record information shall be made familiar with the substance and intent of these regulations. All designated employees shall be briefed on their roles and responsibilities in protecting the information resources in the agency. Special procedures connected with security shall be documented and disseminated to all those with a need to know. These procedures shall be reviewed periodically to ensure their relevance and continuing effectiveness.

## ~~14.5~~ § 2.5. Telecommunications.

In those systems where terminal access of criminal history record information is permitted, all terminal devices must be secure. Any terminal device capable of receiving or transmitting criminal history record information shall be attended during all periods of its operation. In all cases in which the terminal is unattended, the device, through some security means, shall be made inoperable.

Telecommunications facilities used in connection with the terminal shall also be secured. The terminal device shall be identified on a hardware basis to the host computer. In addition, appropriate identification of the terminal operator may be required. Equipment associated with the terminal device shall be reasonably protected from possible tampering or tapping. In all cases in which a computer system provides terminal access to criminal history record information, the use of dial-up lines shall be prohibited to access criminal history record information.

## ~~14.6~~ § 2.6. Computer operations.

Where computerized data processing is employed, effective and technologically advanced software and hardware designs shall be instituted to prevent

# Proposed Regulations

unauthorized access to such information.

Computer operations, whether dedicated or shared, which support criminal justice information systems shall operate in accordance with procedures developed or approved by the participating criminal justice agencies.

Criminal history record information shall be stored by the computer in such a manner that it cannot be modified, destroyed, accessed, changed, purged or overlaid in any fashion by noncriminal justice terminals.

Operational programs shall be used that will prohibit inquiry, record updates, or destruction of records, from any terminal other than criminal justice system terminals which are so designated.

The destruction of record shall be limited to designated terminals under the direct control of the criminal justice agency responsible for creating or storing the criminal history record information.

Operational programs shall be used to detect and store for the output of designated criminal justice agency employees all unauthorized attempts to penetrate any criminal history record information system, program or file.

Programs designed for the purpose of prohibiting unauthorized inquiries, unauthorized record updates, unauthorized destruction of records, or for the detection and logging of unauthorized attempts to penetrate any criminal history record information system shall be known only to the criminal justice agency employees responsible for criminal history record information system control or individuals and agencies pursuant to a specific agreement with the criminal justice agency to provide such programs. The program(s) shall be kept continuously under maximum security conditions.

The criminal justice agency shall have the right to audit, monitor, and inspect procedures established pursuant to these rules and regulations.

#### Summary:

*Amendment 7 proposes to incorporate changes in the federal regulations promulgated up to April 30, 1985. Other minor revisions, including editorial changes, additions of reference materials, or clarifying language, have been included for the convenience of the regulated community, and to maintain equivalence with the federal requirements for a hazardous waste management program.*

*The major changes in Amendment 7 are as follows:*

- 1. Redefinition of what constitutes "solid waste" and "hazardous waste", in §§ 2 and 3 (see 40 CFR, part 261).*
- 2. Dioxin becomes a hazardous waste, in § 3 (see 40 CFR, part 261).*
- 3. Satellite hazardous waste accumulation points on a generator facility site are exempted from permitting requirements in § 6 (see 40 CFR, part 262).*
- 4. Special regulations are specified for certain kinds of hazardous waste (see 40 CFR, part 266).*
- 5. Section 14 establishes special rulemaking and procedures for applying for variances of the regulations (see 40 CFR, part 260).*

**Title of Regulation:** VR 355-22-3.1. Regulations Governing the Transportation of Hazardous Materials - Amendment 5.

**Statutory Authority:** § 18.2-278.2 of the Code of Virginia.

**Public Hearing Date:** December 27, 1985 - 10 a.m.  
(See Calendar of Events Section for additional information)

#### Summary:

*The Department of Health proposes to replace the Regulations Governing the Transportation of Hazardous Materials (Amendment 4) with a new edition, incorporating proposed changes described in Amendment 5. The new edition represents a change in*

# Proposed Regulations

---

*format, organization, and style, as compared to the previous edition.*

*Proposed Amendment 5 is necessary to comply with federal regulations and is consistent with Virginia law (see § 18.2-278.1 et seq. of the Code of Virginia.). Changes to the 1984 U.S. Department of Transportation regulations, which are proposed for incorporation, include:*

*1. A clarification of § 2.3 (formerly § 1.04) to include all hazardous materials, hazardous substances and hazardous wastes transported in the Commonwealth as subject to the regulations.*

*2. An authorization that certain types of small arms ammunition used in rifles, shotguns and pistols be classed and offered for shipment as an ORM-D, a "consumer commodity," rather than a Class C explosive (49 FR No. 102, May 24, 1984, pp. 21933-21936 amending 49 CFR, Parts 172 and 173).*

*3. A revision concerning the transportation of certain cryogenic liquids (49 FR No. 114, June 12, 1984, pp. 24306-24318 amending 49 CFR, parts 171,172,173,176,178 and 179).*

*4. A change concerning polyethylene packings (49 FR No. 116, June 14, 1984, pp. 26484-24693 amending 49 CFR, parts 173 and 178 and 49 FR No. 199, October 12, 1984, pp. 400330-400360 amending 49 CFR, parts 173 and 178).*

*5. An amendment to driver qualifications rules and the driving rules to prohibit the transportation, possession and use of drugs and other substances, such as opiates, hallucinogens, depressants, and stimulants (49 FR No. 215, November 5, 1984, pp. 44210-44216 amending 49 CFR, parts 391 and 392).*

*The purpose of the Regulations Governing the Transportation of Hazardous Materials is to regulate effectively the manner in which hazardous materials are loaded, unloaded, packed, identified, marked, placarded, stored, and transported in Virginia. By regulating these activities, the Commonwealth intends to promote safety in interstate and in intrastate commerce.*

**Title of Regulations:** VR 115-02-03. Rules and Regulations Governing the Prevention, Control and Eradication of Brucellosis of Cattle in Virginia.

**Statutory Authority:** §§ 3.1-724, 3.1-725 and 3.1-749 through 3.1-757 of the Code of Virginia.

**Effective Date:** November 27, 1985

**Summary:**

*This regulation prescribes the method of testing for bovine brucellosis, the means of identifying animals passing and reacting to the test, the handling and movement of tested cattle within the state, and other regulatory requirements pertaining to this disease. It replaces Regulation AHD 3 entitled, "Prevention, Control and Eradication of Contagious and Infectious Diseases of Livestock in Virginia - Regulation 3 (Brucellosis In Cattle)." This new regulation incorporates the requirement for testing of ownership, a requirement previously contained in Limited General Quarantine Order No. 1981-1 which is being repealed. Additional changes have been made in sentence structure to improve clarity, but not substantive change is contained in the new regulation.*

VR 115-02-03. Rules and Regulations Governing the Prevention, Control, and Eradication of Brucellosis of Cattle in Virginia.

**Regulation 3**

**§ 1. Official tests; identifying cattle tested.**

**Section 3-1:**

The agglutination tests ( examples: plate agglutination test, tube agglutination test, and card agglutination), on blood serum from samples drawn and labeled so as to identify each animal from which the sample is drawn, and submitted to the laboratories of the Virginia Department of Agriculture and Consumer Services by an accredited veterinarian or a veterinarian in the employ of the state or federal government, are hereby adopted as the official tests for the diagnosis of brucellosis in Virginia. The testing of blood or blood serum for the diagnosis of brucellosis in any other manner is prohibited, unless specifically authorized in writing by the State Veterinarian. All cattle ; from which a blood sample has been drawn ; shall be indentified by an official pass tag, unless such cattle carry an official tag of some other another state, or another permanent method of identification or unless they carry some other form of permanent identification which is recognized by the State Veterinarian.

**§ 2. Identifying, quarantining, and branding reactor cattle.**

**Section 3-2:**

Cattle declared to be reactors to the official test for brucellosis, or cattle declared to be reactors to any other tests specifically authorized by the State Veterinarian, shall be effectively identified as such. Such cattle shall be immediately tagged with a metal tag in the left ear, bearing the inscription Virginia B.D. or U.S.B.D. , and quarantined , and promptly reported to the State Veterinarian. Before such animals are permitted to leave the premises where tested , they shall be effectively branded with the letter "B" not less than two inches high on the left jaw.

**§ 3. Permits required for movement.**

**Section 3-3:**

No cattle which have been bled to be tested for bruceellosis, before the test is completed, which have been bled for brucellosis testing and for which results are pending, and no cattle which after test are declared to be reactors which are declared to be reactors to such test, shall be removed from the premises where tested without a permit from the State Veterinarian.

**§ 4. Number of permits required; to whom issued.**

Permits as aboved provided provided above shall be issued only to the owner of the cattle to be moved. Separate permits are required for each animal ; or , when more than one animal is moved in one drove, one truck, or one carload, one permit shall suffice for each drove, truckload or earload. such group.

Permits for movement within the state may be issued for moving animals from quarantine only to stockyards or sale yards operated under state or federal inspection or to slaughterhouses in this state or to other states in interstate commeree under federal permits. Animals moved under state permit to stockyards or sale yards must be kept separate and apart from all other animals except those sold for immediate slaughter and all reactors shall be moved from stockyards or sale yards to slaughterhouses or interstate shipment.

**§ 5. Authorized consignment and handling of cattle moved under permit; movement of reactors.**

Permits for movement within the Commonwealth of Virginia may be issued for moving animals from quarantine only to:

1. Public stockyards or sale yards operated under state or federal inspection,
2. Slaughterhouses in the Commonwealth of Virginia.
3. Slaughterhouses in other states in interstate commerce under federal permits.

Animals moved under state permit to stockyards or sale yards must be kept separate from all other animals except

---

those sold for immediate slaughter. All reactors shall be moved from stockyards or saleyards to slaughterhouses in Virginia or moved in interstate shipment under federal permit to slaughterhouses in other states.

§ 6. *Testing of adult breeding cattle upon sale or transfer of ownership; transfer of adult animals from one location to another.*

*Exclusive of animals specifically designated for slaughter, all adult breeding cattle which are presented for sale or transfer of ownership in Virginia shall be tested and found negative for brucellosis within 30 days prior to such sale or ownership transfer. This shall be applicable to all transactions involving the transfer of adult breeding cattle from one location to another within the Commonwealth of Virginia, whether the animals be conveyed via private or public sale, direct or indirect sale, or in any other manner. When the State Veterinarian deems it necessary, the cattle owners are so notified in writing that these requirements should be met. The State Veterinarian may waive this requirement if, in his opinion, brucellosis is no longer a threat to cattle of Virginia.*

§ 7. *Calfhood vaccination; identification of vaccinated calves; report required.*

#### Section 3-4.

Official calfhood vaccination for brucellosis shall mean the injection into a female bovine of not less than four months of age nor more than 12 months of age, by an accredited veterinarian or veterinarian in the employ of the state or federal government of a reduced dose of *Brucella abortus* strain 19 vaccine diluted as approved by the State Veterinarian. At the time such vaccination is done cattle are vaccinated, the veterinarian shall apply an official vaccination tag in the right ear, provided no other tag has been previously applied, and apply to the right ear of the vaccinated animal a tattoo containing the United States Registered Shield and V, preceded by a number indicating the quarter of the year and followed by a number corresponding to the last digit of the year in which the vaccination was done. A report of each vaccination shall be made promptly to the State Veterinarian on a form supplied by him.

Section 3-5. Official adult vaccination for brucellosis shall mean the injection into a female bovine of more than 12 months of age by an accredited veterinarian or veterinarian in the employ of the state or federal government of a reduced dose of *Brucella abortus* strain 19 vaccine diluted as approved by the State Veterinarian. At the time such vaccination is done, the veterinarian shall apply an official tag in the right ear, provided no other tag has been previously applied, and also apply to the right ear an official "AV" (adult vaccination) tattoo preceded the quarter of the year followed by the last digit of the year.

§ 8. *Vaccination of adult cattle; identification of vaccinated*

*adult animals.*

*Official adult vaccination for brucellosis shall be the injection of a reduced dose of *Brucella abortus* strain 19 vaccine into a female bovine over 12 months of age. The vaccine shall be diluted as approved by the State Veterinarian. The dose shall be given by a veterinarian employed by the state or federal government, or by an accredited veterinarian. At the time of vaccination, the veterinarian shall apply an official tag in the right ear, and shall also apply to the right ear an official "AV" (adult vaccination) tattoo, preceded by the quarter of the year, and followed by a number corresponding to the last digit of the current year.*

§ 9. *Brucellosis-free certified herds.*

#### Section 3-6.

Brucellosis-free certified herds of cattle in the Commonwealth of Virginia shall be governed by the United States Department of Agriculture's Animal and Plant Health Inspection Service as specified in the "Uniform Methods and Rules for Brucellosis Eradication" (Code of Federal Regulations, Title 9, Chapter I, Parts 1 to 199).

§ 10. *Classification status of brucellosis in Virginia.*

#### Section 3-7.

Brucellosis Classification in the Commonwealth of Virginia shall be governed by the United States Department of Agriculture's Animal and Plant Health Inspection Service as specified in the "Uniform Methods and Rules for Brucellosis Eradication".

§ 11. *Depopulation of brucellosis infected herds.*

#### Section 3-8.

Brucellosis infected herds may be depopulated where approved by the State Veterinarian provided funds are available to compensate the owner; or, the owner may follow a test and slaughter program as outlined in the "Uniform Methods and Rules for Brucellosis Eradication"; or by procedures established by the State Veterinarian.

### Brucellosis Memorandum of Agreement (Owner's Responsibility)

I am the owner and/or manager of the brucellosis-infected herd(s)  
located at \_\_\_\_\_,  
County \_\_\_\_\_. I understand that I must comply  
with the following procedures in order to eradicate brucellosis from  
my herd(s).

1. I understand that my infected herd(s) will be retested at 30-day intervals (herd test to herd test) until the herd(s) has passed two consecutive negative tests. The herd(s) is then to be retested in 90 days. If all testable animals are negative at that time, the herd(s) is to be placed under Conditional Quarantine and retested in 120-180 days. (The incubation period for brucellosis can be approximately from 14 to 270 days, thus the reason for requiring the Conditional Quarantine.)
2. I understand that testable cattle in an infected herd are all non-vaccinated animals six months of age and older (male and female) and all vaccinated animals 18 months of age and older (as evidenced by the presence of two pair or more of permanent incisor teeth). It is strongly recommended that vaccinated heifers 12-18 months of age be tested at 60-day intervals for informational purposes.

I understand that when testing a herd, each animal must be identified by a permanent means of identification; chain numbers by themselves are not acceptable.

As owner, I will have all testable cattle corralled each time I am notified by the State-Federal veterinarian that my herd is due for a retest. If I as the owner or manager cannot determine the age of my young stock as 6 months, 12 months, or 18 months of age, I will assemble these animals for the veterinarian, so he can determine which heifers that need to be tested.

## Brucellosis Memorandum of Agreement

I understand that if swine or horses are in direct contact with my infected herd(s), they are to be tested and retested as deemed necessary by the testing veterinarian. Such animals are to be separated and maintained separate from the infected cattle herd(s).

3. I understand that the State Veterinarian's office will notify the State Health Department that my herd(s) has been placed under quarantine. Personnel from the Health Department may contact me, as man may become infected with brucellosis by drinking raw milk from infected animals or by removing afterbirth from infected animals.
4. As owner or manager, I agree to furnish information relative to the sale of testable animals from my herd, herd additions, and herd contacts that occurred within the 24 months prior to the disclosure of brucellosis in my herd. (It is important to determine as nearly as possible when the herd became infected.)

I will also keep a record of ear tag numbers of all testable cattle that die on my farm during the period of eradicating brucellosis from my herd.

I further agree not to borrow or loan bulls or cows, since they serve as a possible means of transmitting brucellosis from one herd to another.

### 5. Sale of Animals from My Brucellosis Infected Herd

- A. I agree to sell all reactors within five days after I have been officially notified by State or Federal Animal Health officials. I understand all reactors must be branded with a hot "B" brand on the left jaw and be accompanied by Shipping Permit (1-27) to immediate slaughter, or to a livestock market and from there to immediate slaughter. (1-27 Shipping Permits are issued by State or Federal Regulatory officials.) Reactors are to be isolated from the herd when I am so notified and maintained in isolation until sold for slaughter. Unpasteurized milk from such reactors is not to be used for human consumption or fed to calves. Such milk may be added to a bulk tank, as the milk will be pasteurized at the receiving plant. Raw milk from a brucellosis-infected dairy herd should not be used for human consumption until it is pasteurized.
- B. I agree that all nursing heifer calves less than six months of age from infected dams are to be considered infected and are to be sold for slaughter with the infected dam. Indemnity will be paid for the infected dam as well as the heifer calf. Both animals shall be branded and accompanied by a 1-27 shipping permit issued by State or Federal Regulatory personnel.

Research has shown that female calves from infected dams may be carriers of the disease and may become brucellosis reactors when they freshen.

# Final Regulations

---

## Brucellosis Memorandum of Agreement

Indemnity rates are: \$250 for all registered cattle, \$150 for non-registered dairy cattle, and \$25 for exposed female calves. (An exposed female calf is a female bovine less than six (6) months of age that is being nursed by a brucellosis reactor at the time the latter is condemned.) Indemnity for grade beef females is \$50. A nonregistered dairy cow may qualify for the \$150 indemnity if she is: (1) 20 months of age or within 90 days of calving, or has already calved; (2) is of a recognized dairy breed; and (3) is part of a dairy herd which produces milk for commercial purposes.

- C. I understand that all test negative exposed cattle and all non-testable heifers or bull calves can only be sold for immediate slaughter; or to a livestock market and from there to immediate slaughter. Such animals shall be hot "S" branded and accompanied by a shipping permit (1-27). Steers can be sold for immediate slaughter or to a quarantined feed lot upon approval of State or Federal Regulatory personnel.
- D. I agree that when cattle abort the fetus, afterbirth shall be burned or buried immediately. If animal(s) abort in a pasture or field, I will make an all-out effort to locate the fetus. Such aborting cows shall be isolated immediately from the herd and tested within 10-15 days, or be identified as exposed animals (S-branded) and shipped under a (1-27 permit) directly to slaughter. (Indemnity cannot be paid for such non-tested animal(s).)
6. I agree, if possible, to sell some of my first reactors directly to a slaughter in Virginia, so that glands can be collected for Brucella cultural purposes. If such reactor(s) are sold out of state, milk samples should be collected for Brucella cultural purposes. (Milk samples would be collected at the time the animal(s) are branded.)
7. I will make an all-out effort to comply with the following procedures: All heavy springers shall be isolated in calving pens or other isolated areas 10-14 days prior to calving. Afterbirth shall be immediately burned or buried. Such dams shall be tested for brucellosis 5-10 days after calving and before they are returned to the herd. Isolation pens shall be cleaned and disinfected with an approved disinfectant before other animals are placed in such stalls. All bedding from such pens shall be burned or buried.
8. During the quarantine period, I will not add purchased additions to my infected herd unless permission to do so is granted by the State Veterinarian.

Brucellosis Memorandum of Agreement

9. I understand that the barns, sheds, or other holding areas where my infected herd(s) has been confined must be thoroughly cleaned and disinfected with an approved disinfectant whenever reactors are disclosed in my herd(s). The cleaning and disinfection must be done within 15 days after the reactors are sold to slaughter.
10. I understand the ponds and low wet areas in my pastures can become polluted and serve as a source of infections to my herd; thus, it would be to my benefit to maintain my infected herd away from such areas.
11. I understand that watering tanks should be cleaned and disinfected immediately after infection is disclosed in the herd and periodically thereafter as recommended by the attending State or Federal veterinarian or my attending veterinarian. Care must be exercised that feed and watering areas are maintained free of contamination.
12. Recommendations owner must follow when purchasing breeding stock as herd additions: New herd infection occurs when a herd owner buys replacement cattle which are infected or have been exposed to infection prior to purchase. In other words, brucellosis is bought and paid for! Thus, we strongly recommend that when the infection is eradicated from your herd, all testable purchased additions should be tested prior to purchase and again 60-90 days after purchase. (One test is not enough.) I understand that failure on my part to comply with the foregoing requirements might jeopardize indemnity payments for reactors in my herd(s) if through such lack of compliance my herd should become reinfected with brucellosis.

Buy cattle that are calfhood vaccinated and that originate from qualified herds of known brucellosis status, where you can buy with confidence.

Brucellosis Memorandum of Agreement  
(Owner's Responsibility)

Revision of Memorandum of Agreement:

The above memorandum of agreement may be reevaluated and changed as agreed to by all parties concerned. It shall be the responsibility of all parties to the agreement to adhere to the plan throughout the period of eradication of the disease from this herd.

The above items have been discussed with me by the attending veterinarian(s), and I agree to comply with all procedures as outlined in this memorandum of agreement.

When permitted cresylic disinfectant is used, a 4% solution can be made by adding one cup to two gallons of water or one gallon to 32 gallons of water. The number of gallons of cresylic disinfectant needed can be estimated by multiplying the length of the barn by the width (in feet) and dividing by 500.

EXAMPLE: 30 feet wide X 50 feet long = 1,500 square feet - 1,500 divided by 500 would mean three gallons of disinfectant would be needed.

### Procedures State-Federal Animal Health Officials Follow When Brucellosis Is Being Eradicated In a Confirmed Infected Cattle Herd

(To Be Reviewed By All Parties At Time The Owner Signs His Agreement)

1. I have fully explained to the owner how brucellosis is spread, the length of the incubation period, symptoms of the disease, that brucellosis is transmissible to man, the advantages of a calfhood vaccination program and testing procedures when purchasing herd additions. I have discussed in detail the 12 items that must be complied with by the owner in order to eradicate brucellosis from his herd.
2. All contact or other exposed herds will be tested within 15-30 days of disclosure of infection. If testing cannot be accomplished within that time, the herd will be placed under written quarantine until such herds are tested and found to be negative. If negative on the original test, such herd(s) will be retested in approximately 120-180 days.
3. All animals sold for breeding purposes from the infected herd(s) within the past 24 months, or from the time that the herd became infected, shall be tested. If such animal(s) are disclosed as being brucellosis suspect(s), they will be retested as often as it is necessary to determine their brucellosis status. If such animal(s) are infected, the herd of destination shall be placed under written quarantine and handled as an infected herd. Further, we will determine, if possible, that all cull cows and feeder heifers sold from the infected herd during that period did go for slaughter.
4. A comparison of ear tag numbers from the original test versus each herd retest will be done by the testing veterinarian. An explanation by him of any discrepancy shall be noted on the test chart. This is necessary to determine that all testable animals are tested on each retest of the infected herd.

Procedures State-Federal Animal Health Officials Follow When Brucellosis  
Is Being Eradicated In a Confirmed Infected Cattle Herd

5. Blood samples from an infected herd are to be run at the laboratory where the attending State-Federal Veterinarian is assigned. The owner will be notified of the herd test results as soon as possible.
6. The card test may be used on the farm if animals that react to a test cannot be immediately branded and tagged because of large and poorly fenced pasture areas.
7. Milk or glands or combination of both shall be submitted for cultural procedures from a certain percentage of reactors during the eradication of the disease.
8. I will notify by personal contact or by an educational letter those cattle owner(s) in the community (herds adjacent to contact or exposed herds) that could be affected by an infected herd in their neighborhood. (These community herd owners should be notified within 30 days of the issuance of the quarantine.) I will contact the county extension agent to determine if other herd owners in the community should be notified.

I will retain a list of all community herd owners so notified, in order to advise them when brucellosis has been eradicated from the quarantined herd.

This is to verify I have discussed these topics with the owner.

**Title of Regulations:** VR 115-02-04. Rules and Regulations Governing the Operation of Livestock Markets.

**Statutory Authority:** §§ 3.1-724, 3.1-730 and 3.1-757 of the Code of Virginia.

**Effective Date:** November 27, 1985

## Summary:

*This regulation prescribes the regulatory procedures for handling animals passing through Virginia livestock markets. It also establishes sanitary standards to be maintained in these facilities and the methods for their enforcement. It replaces without substantive change Regulation AHD 4 entitled, "Operation of Livestock Markets." Four requirements previously contained in Livestock Market Brucellosis Testing Order No. 1981-2 have been incorporated into the new regulation.*

VR 115-02-04. Rules and Regulations Governing the Operation of Livestock Markets.

## § 1. Definitions.

### Section 4.1.

The following words and terms, when used in these regulations, shall have the following meaning, unless the context clearly indicates otherwise:

*"Animal waste"* means livestock or poultry excreta and associated feed losses, bedding, litter or other materials.

*"Brucellosis"* means a disease of cattle, goats, and swine caused by the bacterium *Brucella*.

*"Cull pigs"* means those swine offered for sale that do not pass veterinary health inspection.

*"Department"* means the Virginia Department of Agriculture and Commerce Consumer Services.

*"Feeder or breeder swine"* means all swine except slaughter swine.

*"Interstate health certificate"* means a legible record covering the requirements for the importation of animals into the Commonwealth of Virginia, executed on an approved form of the state of origin and shall bear bearing the endorsement of the livestock health official of that state.

*"Livestock"* means farm animals kept for use and profit such as cattle, sheep, swine, goats, and horses.

*"Livestock inspector"* means an employee of the State Veterinarian who is assigned to each livestock market for

the purpose of carrying out the orders of the State Veterinarian.

*"Livestock market"* means any premise where animals are habitually assembled for sale or exchange as outlined in § 3.1-737 of the Code of Virginia.

*"Official brucellosis test"* means a blood plasma serum test for brucellosis, commonly called the card test.

*"Reactors"* means those animals which react positive to the official test for brucellosis.

*"Slaughter swine"* means those swine offered for sale, sold or exchanged for immediate slaughter, and which are so shipped without diversion; to a state of or federally inspected slaughtering establishment for immediate slaughter.

*"State District Regional Veterinarian"* means a veterinarian employed by the State Veterinarian who is responsible for the supervision of animal health programs in a specific geographical area of the Commonwealth of Virginia.

*"State Veterinarian"* A veterinarian employed by the Virginia Department of Agriculture and Commerce Consumer Services who is responsible for the animal health programs in the state; means a Virginia Department of Agriculture and Consumer Services veterinarian employed by the Commissioner of Agriculture and Consumer Services who is responsible for the animal health programs in the Commonwealth of Virginia.

*"State waters"* means all waters of any river, creek, branch, lake, reservoir, pond, bay, roadstead, estuary, inlet, spring, well; and bodies of surface or underground water, natural or artificial, wholly or partially within or bordering the Commonwealth or within its jurisdiction.

## § 2. Supervision of livestock markets.

### Section 4.2.

All livestock markets shall be under the jurisdiction of the State Veterinarian, with each market under the direct supervision of a State District Regional Veterinarian during such time as the market is in operation or has on its premises any livestock on its premises. The said State District Regional Veterinarian shall assign a livestock inspector to each market in his district to be region to:

1. Be present at all times during the actual operation of the market for the purpose of enforcement of enforcing these regulations.
2. The livestock inspector shall also Periodically check the weight weigh scales and related activities at such the market.
3. The livestock inspector shall Make general

inspection of all livestock on the market premises before the sale to determine their health status ; and make proper disposition ; in accordance with these regulations or other orders of the State Veterinarian; of all sick or diseased livestock offered for sale. of all sick or diseased livestock offered for sale in accordance with these regulations or other orders of the State Veterinarian.

4. Issue (he or an assigned veterinarian) all necessary certificates and permits , required by this Regulation or by other laws and regulations including those certificates and permits required for the lawful movement of livestock to and from the market and into other states.

5. The livestock inspector shall Supervise the livestock identification procedures in effect at each market in support of official disease control programs.

6. The livestock inspector shall Make a thorough inspection of the livestock market to determine if the market premises is are maintained in a clean, sanitary, and orderly manner.

## § 3. Market sanitation.

### Section 4.3.

A. The livestock market premises shall be maintained in a clean, sanitary, and orderly manner at all times, and must be satisfactorily cleaned after each use. This cleaning shall apply to the exterior surroundings as well as to the interior pens, stalls, runways, and other structures. The market shall be disinfected on a monthly basis or as otherwise required by the State Veterinarian.

B. At On the appointed date set for disinfecting the livestock market, all alleys, scales, docks, the sales ring, and pens in which livestock have been housed since the previous disinfection must be cleaned of all bedding and animal waste so that the basic surfaces can be thoroughly disinfected. No area shall be disinfected which has not been properly cleaned.

C. The livestock market premises must be maintained at a satisfactorily satisfactory level of sanitation which will to prevent contamination of state waters, production of noxious odors, and the breeding of insects or vermin.

D. Runoff water from the livestock market roofs, etc., are to be diverted from livestock holding areas so as not to create water holding areas prevent standing water or unusually muddy conditions in pens and/ or alleys.

E. Those livestock markets handling feeder or breeder swine shall provide well-lighted, imperviously surfaced pens, alleys, and the sales ring for holding, inspecting, and otherwise handling of this class of swine.

## § 4. Cattle.

### Section 4.4.

A. Brucellosis - All female bovines which have produced a calf, or are in advanced pregnancy (springers), or are two years of age or over as evidenced by the presence of four or more permanent incisor teeth, and which are offered for sale at a livestock market, shall be brucellosis tested while in the market. Such female bovines shall be bled by a licensed veterinarian, and such the blood samples shall be tested for brucellosis by a representative of the State Veterinarian employing the brucellosis card test. Such female bovines satisfactorily passing such this test may be sold without restriction. Those not passing such the test shall be sold for immediate slaughter after being properly tagged and branded by the livestock inspector.

1. The livestock market (hereinafter called "the market") shall furnish the necessary facilities and personnel to bleed all adult breeding cattle presented at the market, exclusive of those which are designated for slaughter.

2. The department The Virginia Department of Agriculture and Consumer Services (hereinafter called "the Department") will furnish an employee and the equipment to perform the actual Brucellosis Card Test for each market.

3. The market will provide an acceptable room or area in which the Brucellosis Card Test can be performed.

4. The market shall provide a separate pen in which to confine any cattle which are found positive to the Brucellosis Card Test.

5. This testing requirement shall not apply to:

a. Those cattle offered for sale for immediate slaughter, or

b. Those cattle originating from bona fide Virginia farms unless the State Veterinarian has reason to suspect that such cattle they have been exposed to brucellosis, or

c. Those cattle which enter Virginia accompanied by an official interstate health certificate.

B. Cattle will be considered as exposed to brucellosis infection when they originate from a common source with known reactors, or those that have been closely penned with such reactors for periods of at least 24 hours or periods of less than 24 hours if the reactor has recently aborted, calved, or has vaginal or uterine discharges. Such exposed cattle shall be handled in the same manner as reactors.

C. The State Veterinarian may grant such exceptions to this requirement dealing with exposed cattle as if he feels

the circumstances warrant, and that if they are not at variance with national uniform methods and rules applying to the eradication of bovine brucellosis.

D. Adult female cattle originating from outside the Commonwealth that are offered for sale for slaughter shall have an "S", which is at least four inches in height, painted, or branded on the left shoulder. Such marking shall be the responsibility of the market operator. Such cattle may be moved from the market only to slaughter, without diversion.

## § 5. Swine.

### Section 4.5.

A. Slaughter swine. No slaughter swine shall be moved from the premises unless accompanied by a written permit issued by the inspector showing the consignee of such swine, the purchaser, and the specific destination. Markets shall maintain adequate records of all such transactions and make them available to the livestock inspector as required. *These records shall contain animal identification, name and address of the seller, and the name and address of the buyer.*

B. When each market is so notified by the State Veterinarian in writing, all slaughter sows or boars sold at the livestock market are to be ~~shall be~~ identified to the farm of origin by employing the use of a slap tattoo, bangle tag, or other identification procedure as approved by the State Veterinarian. The markets shall maintain adequate records of all such transactions and make them available to the livestock inspector as required.

C. Feeder and breeder swine. Feeder and breeder swine sold in livestock markets must be identified as to the specific point of origin and specific ownership. Such swine shall be promptly identified with a metal eartag, and may move from the market only under written permit showing a specific point of destination. Feeder and breeder swine may be permitted to move through one market premise only, or as it is generally termed, from farm to market to farm. The market shall keep ~~specific~~ records of transactions involving such swine and make them available to a livestock inspector as required. *These records shall contain animal identification, name and address of the seller, and the name and address of the buyer.*

D. "Cull" pigs at a feeder or breeder swine sale shall be penned apart from all feeder and breeder swine and consigned under written permit; direct to slaughter.

E. The admission of feeder or breeder swine to any livestock market, or on any livestock market premise, is prohibited on any day when slaughter swine are assembled at any such place: there.

F. The handling of both slaughter swine and feeder or breeder swine on separate days is permitted, but the handling of feeder or breeder swine by any livestock

market following the handling of slaughter swine is prohibited ~~unless and~~ until the livestock market has been cleaned and disinfected following the removal of all slaughter swine.

## § 6. Sheep and goats.

### Section 4.6.

Lots of sheep or goats showing evidence of scabies shall be quarantined to the livestock market premises. If confirmed as being infected with scabies, ~~such~~ these sheep or goats shall be returned to the farm of origin under quarantine. Those sheep or goats showing clinical evidence of being infected with foot rot shall be sold for immediate slaughter.

## § 7. Interstate shipment.

### Section 4.7.

Shipment of Virginia livestock into other states shall be subject to all federal laws and regulations governing the interstate shipment of livestock, and in conformity with the requirements of the state of destination.

## § 8. Removal of dead and diseased livestock.

### Section 4.8.

A. Dead animals shall be removed promptly; from the livestock market premises.

B. Condemned livestock, diseased livestock, or brucellosis reactors shall be ~~penned in separate pens~~ penned separately from other livestock. Such pens shall be plainly marked "For Slaughter Only".

## § 9. Restriction of livestock movement.

### Section 4.9.

Whenever the sanitation of the market is not maintained as required in ~~Section 4.3~~ § 3 of this regulation, the State Veterinarian may, at his discretion, prohibit the use of certain areas of the market; or he may limit the activities of such markets with regards to the type or to the destination of livestock sold in such markets. ~~These restrictions will~~ This restriction shall remain in effect until the State Veterinarian has determined that ~~full compliance has been met by the market management~~ market management is in compliance. Whenever the State Veterinarian has reason to suspect or knowledge that a threat to the livestock industry or to the public safety exists by the continued operation of such livestock market, he may prohibit the operation of such market for such time as the threat or condition exists.

**Title of Regulations:** VR 115-02-05. Health Requirements Governing the Control of Equine Infectious Anemia in Virginia.

**Statutory Authority:** §§ 3.1-724 through 3.1-730 of the Code of Virginia.

**Effective Date:** November 27, 1985

**Summary:**

*This regulation specifies testing requirements for equine infectious anemia for intra and interstate movements of horses. It also defines those regulatory actions to be taken for those animals which react positively to the test. The new regulation replaces Regulation AHD 10 of the same title. It includes a new requirement that when horses are assembled for purposes of shows, fairs, etc., "the person in charge shall exclude any horse which is not accompanied by a negative test (agar gel immunodiffusion) report." Its clarity has been improved, but it contains no other substantive change from the regulation it replaces.*

VR 115-02-05. Health Requirements Governing the Control of Equine Infectious Anemia in Virginia.

**§ 1. Definitions.**

**Section 10.1.**

The following words and terms, when used in these regulations, shall have the following meaning, unless the context clearly indicates otherwise:

*"Accredited veterinarian"* means a licensed veterinarian approved by the United States Department of Agriculture/Animal and Plant Health Inspection Service (hereinafter referred to as USDA-APHIS) and State Veterinarian.

*"Approved laboratory"* means a laboratory approved by USDA-APHIS or the State Veterinarian to conduct the official test for equine infectious anemia. Approved laboratories shall report promptly all testing of Virginia horses to the State Veterinarian, with the results thereof.

*"Approved veterinarian"* means a state-federal regulatory veterinarian, an accredited veterinarian, or other veterinarian approved by the State Veterinarian for special testing.

*"Department"* means the Virginia Department of Agriculture and Consumer Services.

*"Equine Infectious Anemia"* (EIA or Swamp Fever) means a contagious and infectious disease of horses, characterized by a variety of symptoms related to anemia. It may be acute, subacute, or chronic in nature. The

disease may terminate sooner or later in death, and may terminate in death. The virus may remain in the blood of infected animals throughout their lifetime. The virus may be spread from horse to horse via biting flies, mosquitoes, hypodermic needles, or blood-letting procedures.

*"Horse"* - The term "horse", as used herein, is intended to include all horselike animals embracing all members of the equine species including horses, ponies, the asinine species, and burros; and it also includes hybrid offspring of the equine and asinine species by whatever name they may be known, such as mules, hinnies, and donkeys.

*"Interstate health certificate"* means a legible record covering the health requirements for the importation of horses into Virginia, executed on an approved form of the state of origin, and bearing the endorsement of the livestock health official of that state.

*"Licensed veterinarian"* means a veterinarian who has graduated from a recognized college of veterinary medicine and has been examined and found proficient by the Virginia State Board of Veterinary Medicine.

*"Official test"* means the agar gel immunodiffusion test (Coggins AGID) on blood serum from samples drawn and labeled so as to effectively identify each animal from which the sample is drawn, and submitted to approved laboratories on official forms by an approved veterinarian; is hereby adopted as the official test for the diagnosis of equine infectious anemia. The testing of blood or blood serum for the diagnosis of equine infectious anemia in any other manner is prohibited unless specifically authorized in writing by the State Veterinarian.

*"Reactor"* means a horse over eight months of age that reacts positively to an official test performed by an approved laboratory.

*"State-Federal Regulatory Veterinarian"* means a veterinarian employed by the State Veterinarian or USDA-APHIS.

*"State Veterinarian"* means a Virginia Department of Agriculture and Consumer Services veterinarian employed by the Commissioner of Agriculture and Consumer Services who is responsible for the animal health programs in the Commonwealth of Virginia.

*"Veterinary services"* - United States Department of Agriculture/Animal and Plant Health Inspection Service. Hereafter referred to as USDA-APHIS. means services of USDA-APHIS.

**§ 2. Testing requirements for horses exhibited at shows, fairs, or other exhibitions in Virginia.**

**Section 10.2.**

# Final Regulations

---

All horses assembled at a show, fair, race meet, or other such function in Virginia, must be accompanied by a report of an official negative test for equine infectious anemia conducted within 12 months prior to such event. The person in charge will ~~ascertain~~ ensure that a copy of the official negative test results accompanies each horse in the event, and shall make such reports available for inspection by a representative of the State Veterinarian upon request. Failure to furnish such test reports when requested shall exclude such horses from such events. The person in charge shall exclude any horse which is not accompanied by a negative test report.

## Testing Requirements for Horses Assembled for Sale or Auction in Virginia

### Section 10.3:

Section 3: All horses assembled at a sale or auction in Virginia must be accompanied by a report of an official negative test for equine infectious anemia conducted within six (6) months prior to such event. The State Federal Regulatory Veterinarian assigned to the district in which a horse sale or auction is held will supervise such sales for compliance and to inspect all horses in the sale to determine they are free of visible symptoms of infectious or communicable disease. Shipment of horses into other states from such sales or auction shall be subject to all federal laws and regulations governing the interstate shipment of horses and in conformity with the requirements of the state of destination. Horses assembled at a sale or auction for immediate slaughter shall be exempt from the testing requirements, but shall be identified as such in a manner approved by the State Veterinarian before leaving such sale or auction.

§ 3. Alternate testing requirements for horses assembled for sale or auction in Virginia.

### Section 10.4:

Horses may be assembled at a sale or auction without a negative test for equine infectious anemia, provided that the State Veterinarian so approves, and that the following requirements are met: complied within their entirety.

A. 1. All horses, while assembled at the sale or auction, shall have blood samples drawn for equine infectious anemia testing.

B. 2. Horses consigned or sold for immediate slaughter at an official slaughtering establishment may be are exempt from equine-infectious-anemia testing. Such horses shall be identified in a manner approved by the State Veterinarian, and a written permit shall be issued for their transfer to the slaughtering establishment.

C. 3. The owner or manager of the sale or auction shall employ a licensed accredited veterinarian, who shall draw blood samples from all horses required to be tested, and shall record all visible markings or

other permanent identification for each horse bled.

D. 4. The owner or manager shall announce, prior to the sale or auction, that all nonslaughter horses will be tested. Each buyer of a nonslaughter horse or horses at the sale or auction shall sign a release form, signifying his agreement to maintain such horse or horses at a specified location until notified of the results of the test. Horses that prove negative to the test may move in normal trade channels. Owners of horses that react to the test must comply with Sections 10.5 and 10.6 6 and 7 § 4 of this regulation.

E. 5. The State Veterinarian may grant such exceptions to these requirements as he feels the circumstances warrant and that are not in variance with other rules and regulations of the Commonwealth of Virginia.

## Testing Requirements for Horses Imported into Virginia

### Section 10.5:

Section 5: All horses that are Horses imported into Virginia must be accompanied by an official interstate health certificate, and a copy of such certificate shall be in the possession of the person in charge of such horses. Such persons shall have keep this certificate in his possession for a period of at least 60 days after entry of such horses. The interstate health certificate shall indicate that all horses covered by such certificate have been officially tested and negative for equine infectious anemia within the past twelve (12) months. When horses are imported into Virginia, a copy of the official interstate health certificate shall be promptly mailed to the State Veterinarian. Horses that originate from infected premises in other states are not eligible for entry into Virginia unless a written permit is obtained from the State Veterinarian. Horses may be shipped into Virginia for research purposes, or for immediate slaughter to approved slaughter establishments, or to approved slaughter establishments for immediate slaughter, after first obtaining a permit from the State Veterinarian. Such horses shall be satisfactorily identified and the their origin and destination clearly stated on the permit.

§ 4. Reactors to the official test.

### Section 10.6:

A. Horses which have reacted positive to the official test shall be quarantined to the premises where tested by a State-Federal Regional Veterinarian.

B. When reactor(s) are a reactor is disclosed on a premises, and such testing does not constitute a complete herd test; then all horses on such premises shall be tested, including the test-positive animal(s) animal. The required testing will be for the purpose of detecting if additional infection exists on the premises and, secondly, and to confirm the identity of the reactor(s) reactors. Such

testing will be performed under the supervision of a representative of the State Veterinarian. Additional testing as needed may be required by the State Veterinarian to clarify the equine infectious anemia status of horses on the premises.

C. Reactor animals shall be permanently identified by a freeze brand, using the official Commonwealth of Virginia code identification (52A) placed under the mane. The branding of such reactors will be performed by or under the supervision of a representative of the State Veterinarian.

D. Negative horses on the premises where a reactor animal (s) are animal is disclosed may not be removed from such premises without the approval of the State Veterinarian.

E. Virginia horses under eight months of age which have reacted to the official test shall be placed under written quarantine and retested when they become eight months of age. If such animals are reactors when they are eight months of age, they shall be subject to the same regulation as the adult infected animal.

F. When reactor(s) are a reactor is disclosed, a thorough investigation shall be made to determine the source of the disease and to determine whether or not spread has occurred. Depending upon these findings, additional testing may be required by the State Veterinarian.

## § 5. Disposition of reactor animals.

### Section 10-7.

A. Reactor horses may be humanely destroyed. The destruction of such horses shall be the owner's responsibility and at his or her expense, but will be done under the supervision of a representative of the State Veterinarian.

B. Reactor horses may be further identified as required by the State Veterinarian and sold:

1. Under permit to an approved slaughter establishment , or
2. To a market for sale to an approved slaughter establishment , or
3. For rendering or research purposes. or for research purposes.

C. At the owner's option, reactor horses may be retained under quarantine and held in isolation from all other horses on the premises. However, Provisions may be made by agreement with the State Veterinarian, and under terms specified by him, under terms specified by the State Veterinarian for the use of such reactor animals by the owner or his agent in such a manner as will not risk the

spread of that there is no risk of spreading equine infectious anemia. The terms and conditions shall be made part of the quarantine document. The restrictions herein placed on the movement and maintenance of reactor animals shall be permanent or until such animals die , or are destroyed , or are cleansed of the carrier state.

D. When reactor animals are quarantined as provided herein, all other horses on the premises may be required to be tested every six months if deemed necessary by the State Veterinarian. All testing shall be at the owner's expense unless otherwise authorized by the State Veterinarian.

E. Whenever it has been determined that the provisions of the quarantine and isolation are not being maintained, the State Veterinarian may require that all horses on the premises be placed under quarantine . This quarantine to shall remain in effect until the State Veterinarian has determined that the threat to the health of other horses no longer exists.

### Penalty

Section 10-8. Any person who shall exhibit, offer for sales, or import into Virginia any horse(s) in violation of the requirements of this regulation shall be guilty of a misdemeanor and shall be punished by a fine of not less than one hundred dollars nor more than five hundred dollars, and, in addition, shall be subject to such order as may be deemed necessary by the State Veterinarian to control the potential spread of equine infectious anemia. In lieu of such penalty, the State Veterinarian may, at his discretion, require any horse(s) found to be in violation of this regulation to be returned to farm of origin, slaughtered, or tested for equine infectious anemia at the expense of the person or persons responsible for the violation.

**Title of Regulations:** VR 115-02-07. Control and Eradication of Pullorum Disease and Fowl Typhoid in Poultry Flocks and Hatcheries and Products Thereof in Virginia.

**Statutory Authority:** §§ 3.1-724 and 3.1-730 of the Code of Virginia.

**Effective Date:** November 27, 1985

**Summary:**

*This regulation replaces an unnumbered AHD regulation of the same title. The new regulation requires flocks of poultry in Virginia to be maintained in a U. S. Pullorum-Typhoid clean status. Its requirements are the same as the regulation it replaces. Changes in sentence structure and grammar have been made to improve the clarity of the new document.*

VR 115-02-07. Control and Eradication of Pullorum Disease and Fowl Typhoid in Poultry Flocks and Hatcheries and Products Thereof in Virginia.

**§ 1. Definitions.**

**Section 12.1**

The following words and terms, when used in these regulations, shall have the following meaning, unless the context clearly indicates otherwise:

**"Baby poultry"** means newly hatched poultry (chicks, poults, ducklings, goslings, keets, etc.) that have not been fed or watered.

**"Department"** means the Virginia Department of Agriculture and ~~Commerce~~ Consumer Services.

**"Flock"** means all of the poultry on one premises ; except that, at the discretion of the department, any group of poultry which is segregated from other poultry and has been so segregated for a period of at least 21 days may be considered as a separate flock.

**"Fowl typhoid or typhoid"** means ~~a~~ an infectious and contagious disease of poultry caused by Salmonella gallinarum.

**"Hatchery"** means incubators, hatchers, and auxiliary equipment on one premises operated and controlled by any person for the hatching of poultry.

**"Hatching eggs"** Eggs for use in a hatchery to produce young poultry or to produce embryonated eggs: means fertile eggs used to produce poultry.

**"Person"** A natural means any person, firm, or

corporation.

**"Poultry"** means live fowl, including chickens, turkeys, waterfowl, and game birds, which are propagated and maintained under the control of any person.

**"Products"** means poultry breeding stock and hatching eggs, baby poultry, and started poultry.

**"Pullorum disease or pullorum"** means ~~a~~ an infectious and contagious disease of poultry caused by Salmonella pullorum.

**"State Veterinarian"** A veterinarian employed by the Department who is responsible for the animal health programs in the state: means a Virginia Department of Agriculture and Consumer Services veterinarian employed by the Commissioner of Agriculture and Consumer Services who is responsible for the animal health programs in the Commonwealth of Virginia.

**"Started poultry"** means young poultry (chicks, pullets, cockerels, capons, poults, ducklings, goslings, keets, etc.) that have been fed and watered, and are less than six months of age.

**§ 2. Authority.**

**Section 12.2**

Full Authority for the control and eradication of pullorum and typhoid in poultry in the Commonwealth of Virginia is hereby vested in the State Veterinarian ; ~~and~~ without limiting the generality of the foregoing provision; It shall be the function, power and duty of the State Veterinarian to administer the following provisions:

1. All poultry hatcheries and hatchery supply flocks within the Commonwealth of Virginia must qualify as U. S. Pullorum-Typhoid Clean or meet equivalent requirements for pullorum-typhoid control under official supervision of the State Veterinarian.

2. All shipments of products other than U. S. Pullorum-Typhoid Clean, or equivalent, into the Commonwealth of Virginia are prohibited.

3. Whenever a veterinarian or other person performing poultry disease diagnostic services has knowledge or reason to suspect that pullorum or typhoid exists in a poultry flock or hatchery, he shall ; ~~within 48 hours~~; give notice of such fact to the State Veterinarian *within 48 hours* .

4. Upon receipt of a report of pullorum or typhoid in poultry, the State Veterinarian shall direct an immediate investigation by an authorized representative to determine the origin and avenue of transmission of the infection.

5. Flocks deemed to be infected with pullorum or

# Final Regulations

---

typhoid shall be quarantined by the State Veterinarian. Quarantined flocks or any portion thereof shall not be removed from the premises where the infection was detected, except with the written permission of the State Veterinarian.

6. All poultry shown in public exhibitions in the Commonwealth of Virginia shall have originated *originate* from U. S. Pullorum-Typhoid Clean or equivalent flocks or have had a negative pullorum-typhoid test within 90 days of the movement to the public exhibition.

## *§ 3. Poultry flock requirements.*

### *Section 12.3*

All poultry flocks from which hatching eggs are set in any Virginia hatchery must be in compliance with the current pullorum-typhoid provisions of the National Poultry Improvement Plan. (~~9 CFR, Section 445.23(b)(3),(4),(5), and related provisions in Subparts C, D, and E.~~) (*9 CFR, §§ 145.1 through 145.54.*)

INSTRUCTIONS FOR DISPOSING OF REACTORS (READ CAREFULLY)

Please send ALIVE and PREPAID \_\_\_\_\_ of these reactors to the State Laboratory that is nearest to you for bacteriological examination. Do not remove the leg bands. Use the enclosed post card to notify laboratory receiving reactors.

A reactor to the blood test in many cases is not infected with pullorum disease. This is why it is important to send the birds to the laboratory for bacteriological examination. If reactors are not sent when requested, we must consider the flock infected and not allow sale of hatching eggs until retests show no reactors.

Sell the remaining reactors, if any, for slaughter only. Remove the leg bands at time of sale and mail them, together with affidavit signed by the buyer, to the Division of Markets, 1200 E. Main Street, Richmond 19, Virginia.

When reacting birds are for home consumption, which must be within the 10-day limit, do not remove the leg band until the bird has been slaughtered. Then cut off the shank and slip off the band without breaking the seal and mail to this office.

**Title of Regulations:** VR 115-02-08. Rules and Regulations Governing the Qualifications for Humane Investigators.

**Statutory Authority:** § 29-213.75 of the Code of Virginia.

**Effective Date:** November 27, 1985

**Summary:**

*This regulation prescribes the eligibility, training, examination and appointment requirements for individuals who desire to be certified as humane investigators in Virginia. It replaces Regulation AHD 13 entitled, "Qualifications for Humane Investigators." The new regulation contains no substantive change from the one it replaces. Improvement has been made in the clarity of the document.*

VR 115-02-08. Rules and Regulations Governing the Qualifications for Humane Investigators.

**§ 1. Requirements and procedures relating to application for approval of humane investigators.**

**Section 13-1**

A. An applicant must be at least 18 years of age and shall have a minimum of a high school diploma or its equivalent.

B. An applicant shall not have been convicted of a felony or a crime of moral turpitude.

C. An applicant shall file a completed Application for Approval of Humane Investigator with the State Veterinarian. The blank application for approval of humane investigator shall be supplied by the State Veterinarian.

D. An applicant shall list on the application for approval of humane investigator the names and addresses of three persons who know the qualifications and character of the applicant. The three persons listed as references shall not be related to the applicant.

E. An applicant shall provide a summary of past and present employment and an educational background summary on the application for approval of humane investigator.

**§ 2. Prescribed training program.**

**Section 13-2**

A. A prospective humane investigator shall be required to complete satisfactorily a prescribed training program within 12 months following the date of filing an application for approval of humane investigator with the State Veterinarian. The prescribed training program shall be

approved by the State Veterinarian and consist of the subject matter and requirements listed below :

1. The humane and animal welfare laws and regulations of the Commonwealth of Virginia.
2. Practical information about the proper care of animals and birds.
3. Investigative procedures.
4. Applicable local health, animal control, and zoning ordinances.
5. Approved materials and methods used for euthanasia.
6. The Miranda Rule.
7. Six months of field training with a qualified humane investigator or other law-enforcement officer as defined in § 9-108.1 of the Code of Virginia.
8. Attendance at no less than three criminal trials.

B. Verification of training shall be made to the State Veterinarian by a qualified humane investigator or other law-enforcement officer.

C. The State Veterinarian is directed to maintain a current list of prospective humane investigators who have applied for approval and are undergoing training.

**§ 3. Written examination.**

**Section 13-3**

Prospective humane investigators shall be required to pass a written examination on the subject matter and requirements set forth in § 13-2 § 2. of these rules and regulations. The examination shall be prepared and administered by the State Veterinarian.

**§ 4. Approved list of humane investigators.**

**Section 13-4**

A. The names of humane investigators who have satisfactorily completed the requirements contained in §§ 13-1, 13-2, and 13-3 §§ 1., 2., and 3. of these rules and regulations shall be placed on a current list of approved humane investigators maintained by the State Veterinarian.

B. All humane investigators appointed by a Court of Record in Virginia prior to July 1, 1977, are hereby placed on the State Veterinarian's list of approved humane investigators, unless an objection is filed by the Attorney for the Commonwealth in a Jurisdiction wherein the appointment was made.

B. No requirements set forth herein shall be waived

## Final Regulations

---

except by affirmative vote of the Board of Agriculture and Commerce *Consumer Services*.

D. If the Commonwealth's Attorney of a local jurisdiction certifies there is an urgent need for a humane investigator in his jurisdiction and the State Veterinarian conducts an examination of the qualifications of the prospective investigator and is satisfied that the candidate is qualified by reason of his knowledge of topics outlined in Section 13.2 of these Rules and Regulations, the State Veterinarian may place the candidate forthwith on the approved list. The provisions of this subsection shall expire on July 1, 1979, unless re-enacted by the Board.

## VIRGINIA MARINE RESOURCES COMMISSION

*Effective July 1, 1984, the Marine Resources Commission was exempted from the Administrative Process Act for the purposes of promulgating regulations. However, they are required to publish the full text of final regulations.*

**Title of Regulation:** VR 450-01-0035. Pertaining to the Culling of Oysters.

**Statutory Authority:** §§ 28.1-23 and 28.1-85 of the Code of Virginia.

**Effective Date:** October 1, 1985

### PREAMBLE

*The 1985 General Assembly passed House Bill 1386, which repealed culling and inspection requirements on the taking of oysters from all public oysters beds, rocks, or shoals and transferred, to Virginia Marine Resources Commission, the authority to set these requirements. This regulation, therefore, is designed to reestablish culling inspection requirements.*

*This regulation reestablishes the 3-inch cull size (minimum size limit) and inspection procedures in all clean cull areas and also establishes a requirement that oysters taken from public grounds be placed in an open pile on the boat for inspection purposes.*

VR 450-01-0035. Pertaining to the Culling of Oysters.

#### § 1. Authority, prior regulations, effective date.

A. This regulation is promulgated pursuant to the authority contained in §§ 28.1-23 and 28.1-85 of the Code of Virginia.

B. No prior regulations pertain to oyster culling and inspection requirements.

C. The effective date of this regulation is October 1, 1985.

#### § 2. Purpose.

The purpose of this regulation is to establish culling requirements (minimum size limit) and inspection procedures which will provide protection for the public oyster beds, rocks, and shoals in Virginia's tidal waters.

#### § 3. Definitions.

A. Clean cull areas: All natural public oyster beds, rocks, or shoals in the tidal water of Virginia, except those designated by the Marine Resources Commission as seed areas, shall be considered clean cull areas.

B. Seed areas: All natural public oyster beds, rocks, or

shoals designated for the harvest of seed oysters, as follows:

1. Seaside of Eastern Shore - All of the public oyster grounds on the eastern side of Accomac and Northhampton counties on Virginia's Eastern Shore.

2. James River - All of the public oyster grounds in the James River and its tributaries above a line drawn from Cooper's Creek in Isle of Wight County on the south side of the James River to a line in a northeasterly direction across the James River to the Newport News municipal water tank located on Warwick Boulevard between 59th Street and 60th Street in the City of Newport News.

#### § 4. Minimum ("cull") size.

A. All oysters taken from clean cull areas shall be culled on their natural beds, rocks, or shoals as taken and shall not be less than three inches in length. All undersized oyster and/or shells shall be returned immediately to their natural beds, rocks, or shoals. When small oysters are adhering so closely to the shell of the marketable oysters as to render removal impossible without destroying the young oyster, then it shall not be necessary to remove it.

B. All oysters taken from the James River Seed Area for direct marketing or processing and not for transplanting as seed shall be subject to the 3 inch minimum size limit and inspection procedures for clean cull areas, as described in § 6, Part A, of this regulation.

#### § 5. Culling requirements.

A. All oysters taken from natural public oyster beds, rocks, or shoals shall be placed on the culling board and culled by hand to the inside open part of the boat in a loose pile; however, when oysters are taken by hand and held in baskets or other containers they shall be culled as taken and transferred from the container to the inside open part of the boat in a loose pile and subject to inspection by any Marine Resources Commission law-enforcement officer.

B. If oysters from leased grounds and oysters from public grounds are mixed in the same cargo on a boat or motor vehicle, the entire cargo shall be subject to inspection under this regulation.

C. It shall be unlawful for any harvester/catcher to store oysters taken from public grounds on any boat in any type of container and all oysters taken from said areas shall be sold or purchased only in the regular oyster one-half bushel or one bushel measure as described in § 28.1-136 of the Code of Virginia.

#### § 6. Inspection procedures.

In the inspection of oysters the law-enforcement officer

# Final Regulations

shall, with a shovel, take at least one bushel of oysters at random, provided that the entire bushel shall be taken at one place in the open pile of oysters.

A. In the clean cull areas, if as much as one four-quart measure of undersized oysters and/or shells are found per bushel inspected it shall constitute a violation of this regulation.

B. In the seed areas, if as much as one six-quart measure of shells are found per bushel inspected it shall constitute a violation of this regulation.

## § 7. Penalty.

As set forth in § 28.1-23 of the Code of Virginia, any person, firm, or corporation violating any provision of this regulation shall be guilty of a Class I misdemeanor.

**Statutory Authority:** § 28.1-85 of the Code of Virginia.

**Effective Date:** October 1, 1985

### PREAMBLE

*The following order of the Virginia Marine Resources Commission is established to close to the taking of shellfish (oysters and clams) that portion of Poynter Rock and "John East Turn" Rock on the Seaside of Eastern Shore where shells were planted by the State Repletion Program in 1984.*

VR 450-01-8507. Closure of Public Oyster Rocks on the Seaside of Eastern Shore.

#### § 1. Authority and effective date.

A. This order is promulgated pursuant to authority contained in § 28.1-85 of the Code of Virginia.

B. The effective date is October 1, 1985.

#### § 2. Purpose.

The purpose of this order is to conserve the oyster resource in certain areas; thereby, allowing the oysters that are present to grow to market size.

#### § 3. Closed areas.

Areas on the Seaside of Eastern Shore where the State Repletion Program planted shells in 1984 and known as Poynter Rock and "John East Turn" Rock in the

Thorofare (Mockhorn Channel) near Oyster, Virginia are closed to the taking of oysters and clams by any method.

#### § 4. Penalty.

As set forth in § 28.1-23 of the Code of Virginia, any person, firm, or corporation violating any provisions of this order shall be guilty of a Class I Misdemeanor.

## DEPARTMENT OF MENTAL HEALTH AND MENTAL RETARDATION

**Title of Regulation:** VR 470-01-02. Mandatory Standards for the Certification of First Offender Drug Abuse Diversion and Education Programs.

**Statutory Authority:** § 18.2-252 of the Code of Virginia.

**Effective Date:** December 1, 1985

### Summary:

*The Mandatory Standards for the Certification of First Offender Drug Abuse Diversion and Education Programs are designed to establish minimum criteria necessary for any agency to operate a first offender drug abuse diversion and education program in the Commonwealth of Virginia. These programs are designed to assist the criminal court system in providing an educational alternative to traditional criminal justice system sanctions for first time, misdemeanor offenders of the Commonwealth's controlled substances statutes.*

*The certification standards will apply to any agency currently operating a first offender drug abuse diversion and education program and to agencies wishing to establish such programs. The standards outline the requirements for submission of letters of intent (applications) to the Department of Mental Health and Mental Retardation and for coordination of applications with the community services boards. The standards also outline the requirements for admission, staff qualifications, referral agreements with the courts and the reporting responsibilities of agencies operating these programs. Drug toxicology screenings and the payment of fees by program participants are additionally outlined in the standards.*

*The Department of Mental Health and Mental Retardation has reviewed comments regarding the proposed standards. Comments were received from the Office of the Governor, the Office of the Attorney General, the Department of Planning and Budget and the general public. A public hearing on the proposed standards was held in June to receive further public*

comments. Reaction to comments that the department felt appropriate are incorporated into the final certification standards.

The statutory authority for the State Mental Health and Mental Retardation Board to promulgate these certification standards is §§ 37.1-10 and 18.2-251 of the Code of Virginia. The State Mental Health and Mental Retardation Board reviewed the revised standards and the responses to the public comments at its September meeting. The final Mandatory Standards for the Certification of First Offender Drug Abuse Diversion and Education Programs were approved at that meeting.

VR 470-01-02. Mandatory Standards for the Certification of First Offender Drug Abuse Diversion and Education Programs.

## PART I. INTRODUCTION.

[ ~~§ 1-1.~~ These standards The mandatory Standards for the Certification of First Offender Drug Abuse Diversion and Education Programs ] are intended to establish the criteria for the certification of programs designed specifically to provide a substance abuse education alternative for first offender clients referred by the court under the provisions of § 18.2-251 of the Code of Virginia.

[ § 1-2. The legal authority for the establishment of these standards is § 18.2-251 of the Code of Virginia. ]

## NOTICES OF INTENDED REGULATORY ACTION

### VIRGINIA DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES

#### † Notice of Intended Regulatory Action

Notice is hereby given in accordance with this agency's public participation guidelines that the Virginia Department of Agriculture and Consumer Services intends to consider promulgating regulations entitled: **Regulation Declaring *Iliamna corei*, Peter's Mountain Mallow, as an Endangered Plant.** *Iliamna corei* or Peter's Mountain Mallow, is a member of the Malvaceae plant family (mallow). There is only one known existing, naturally occurring population of this plant species in the world; in Giles County, Virginia. The population is very small, consisting of only five plants and is in danger of extinction due to pressures of competing vegetation, plant collecting, and low reproductive potential. The regulation would prevent the plants' collection and allow for a comprehensive recovery conservation program.

## DEPARTMENT OF SOCIAL SERVICES

### Notice of Intended Regulatory Action

Notice is hereby given in accordance with this agency's public participation guidelines that the Department of Social Services intends to consider promulgating regulations entitled: **State Income Tax Intercept for Child Support (VR 615-07-1)**. The purpose of this regulation is to ensure that the State Income Tax Refund Offset will pay back money spent for public assistance. Currently, there is no provision for who should be reimbursed first, the state, or the custodial parent who was previously on the welfare rolls and accrued a debt that was never satisfied.

Statutory Authority: § 58-19 of the Code of Virginia.

Written comments may be submitted until October 30, 1985, to Jean White, Director, Division of Child Support Enforcement, 8007 Discovery Drive, Richmond, Virginia 23288.

## Notice of Intended Regulatory Action

Notice is hereby given in accordance with this agency's public participation guidelines that the Department of Social Services intends to consider promulgating regulations entitled: **Separate Fee Charged for Child Support Services (VR 615-70-3)**. The purpose of the proposed regulations is to limit the charge to one additional fee so as not to discourage those most in need from applying for services. In addition to the extent possible, the person named as the legal father of the child should not burden the taxpayers by having the state bear this expense when he is financially capable of paying.

Statutory Authority: § 63.1-250.2 of the Code of Virginia.

Written comments may be submitted until October 30, 1985, to Jean White, Director, Division of Child Support Enforcement, 8007 Discovery Drive, Richmond, Virginia 23288.

December 11, 1985 - 10 a.m. - Public Hearing

Virginia Department of Agriculture and Consumer Services,  
Washington Building, 1100 East Bank Street, Board Room,  
Richmond, Virginia. (Location accessible to handicapped.)

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Virginia Department of Agriculture and Consumer Services intends to amend regulations entitled: **Rules and Regulations for Enforcement of The Virginia Pest Law - Cotton Boll Weevil Quarantine**. The Cotton Boll Weevil Quarantine declares Anthonomus grandis as a pest and provides rules and regulations to monitor for and eradicate this pest when found.

## STATEMENT

Cotton boll weevil, Anthonomus grandis, has been described as the most costly insect in the history of American agriculture. It is thought to have crossed the Rio Grande at Brownsville, Texas in 1892, and was first detected in Virginia in 1922. The adult feeds on cotton bolls and leaves and the larva feeds only on the cotton bolls. Egg punctures on the bolls cause bolls to flare, turn yellow, and fall to the ground.

The regulations amend the current Cotton Boll Weevil Quarantine so Virginia can participate in a continued multistate cooperative effort to monitor and eradicate, if necessary, cotton boll weevil from Virginia, North Carolina, and South Carolina by requiring: (i) cotton growers to declare their intentions of acreage in cotton to be grown each year; and (ii) require a payment of \$10 per acre of cotton grown to defray the cost of the program.

The requested amendments were part of the original boll weevil quarantine adopted December 14, 1977, but were deleted on February 26, 1981, when eradication was achieved. Additional efforts are now needed to keep Virginia free of cotton boll weevil.

Statutory Authority: §§ 3.1-188.23 and 3.1-188.24 of the Code of Virginia.

Written comments may be submitted until December 10, 1985.

### HAZARDOUS WASTE FACILITY SITING COUNCIL

† **November 20, 1985 - 10 a.m. - Open Meeting**  
James Monroe Building, 101 North 14th Street, Conference Room B, Richmond, Virginia. (Location accessible to handicapped.)

The purpose of the meeting is to consider public comments received on the four proposed regulations and to consider adoption of the proposed regulations as final regulations.

**Contact:** Harry E. Gregori, Jr., Executive Director, James Monroe Bldg., 17th Floor, 101 N. 14th St., Richmond, Va. 23219, telephone (804) 225-3235

\* \* \* \* \*

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Hazardous Waste Facility Siting Council intends to adopt regulations entitled: **Administrative Procedures for Hazardous Waste Facility Site Certification**. The proposed regulations establish the council's administrative procedures for processing applications for site certification.

### STATEMENT

The proposed administrative procedures detail the steps in the process of obtaining site certification. The administrative procedures parallel the process established by the Siting Act and describe submission requirements for the applicant's notice of intent, draft impact statement, final impact statement, application for site certification, and the public review and public hearing process for decision-making. The regulations also outline the procedures for the required negotiation process between the applicant and the local government (host community).

Statutory Authority: § 10-186.5 of the Code of Virginia.

Written comments may be submitted until November 3, 1985.

**Contact:** Harry E. Gregori, Jr., Executive Director, James Monroe Bldg., 101 N. 14th St., 17th Floor, Richmond, Va. 23219, telephone (804) 225-3235

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Hazardous Waste Facility Siting Council intends to adopt regulations entitled: **Schedule of Fees for Hazardous Waste**

# Calendar of Events

---

**Facility Site Certification.** The proposed regulations establish fees and the procedures for fee assessment for applicants proposing to site hazardous waste facilities in the Commonwealth of Virginia.

## STATEMENT

The proposed regulations establish a fee structure which consists of three parts. The first element requires payment by the applicant of all costs for legal notices, copies of reports and notices, and postage for the notice of intent submission. These costs may range from \$2,000 to approximately \$4,500, depending upon the geographic location of the proposal. The second element, the application fee, which is paid at the time the application is submitted, is set at \$20,000 for major facilities (categories II-V). Smaller storage facilities (category I) will be charged \$10,000, or 1% of the estimated construction cost (whichever is greater), not to exceed \$20,000. The third element is for consultant services required by the council to review applications. This amount, to be paid by the applicant, will be determined at the time the application is made and will vary according to the complexity of the proposed facility.

Statutory Authority: § 10-186.5 of the Code of Virginia.

Written comments may be submitted until November 3, 1985.

**Contact:** Harry E. Gregori, Jr., Executive Director, James Monroe Bldg., 101 N. 14th St., 17th Floor, Richmond, Va. 23219, telephone (804) 225-3235

\* \* \* \* \*

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Hazardous Waste Facility Siting Council intends to adopt regulations entitled: **Hazardous Waste Facility Siting Criteria**. The proposed regulations establish the criteria, both prohibitions and limitations, for assessing applications for site certification.

## STATEMENT

The proposed Hazardous Waste Facility Siting Criteria regulations provide the principal decision-making tool for the council. Any person, including the Commonwealth of Virginia, must meet the criteria proposed before a facility can be given certification by the council. The regulations organize hazardous waste facilities into five categories: I. Containerized or enclosed storage (a group of tanks); II. Closed treatment process - with spill containment (treatment in tanks); III. Open treatment process - with spill containment (incinerator); IV. Above-ground treatment - no spill containment (waste piles and land treatment); and V. Disposal without complete treatment, and all other treatment/disposal methods (land disposal).

The first set of criteria, the "Prohibitions," indicate areas where no facilities are allowed. Proposed prohibitions

include wetlands, 100-year flood plains, dam failure inundation zones, sinkholes (karst topography), locations near active faults and within areas designated as national natural landmarks or lands in public trust.

The second set of criteria, "Siting Limitations," place restrictions which are based on the type of facility proposed. Generally, these limitations control the location based on impacts for categories I, II and III with respect to public and private surface and ground water supplies, subsurface mining activity, steep slopes and faults, and seismic risk areas. Categories IV and V (land treatment/disposal) are prohibited in these areas. The council will also evaluate impacts on air quality, endangered species, risk of accident, proximity to population, impact on local government, and potential for fire and explosion.

Statutory Authority: § 10-186.5 of the Code of Virginia.

Written comments may be submitted until November 3, 1985.

**Contact:** Harry E. Gregori, Jr., Executive Director, James Monroe Bldg., 101 N. 14th St., 17th Floor, Richmond, Va. 23219, telephone (804) 225-3235

\* \* \* \* \*

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Hazardous Waste Facility Siting Council intends to adopt regulations entitled: **Technical Assistance Fund Administrative Procedures**. The proposed regulations specify procedures for application, disbursement and accounting for local technical assistance funds distributed by the Siting Council.

## STATEMENT

The Local Technical Assistance Fund proposed regulation provides for the distribution of state general funds to a locality in which a facility is proposed. The purpose of this fund is to financially assist local governments in evaluating a proposal. The proposed regulations provide \$20,000 outright to a local government with an additional \$10,000 available based on a 50/50 state and local match. Any unused funds are to be returned to the council. Funds may not be used for legal services or the services of a negotiator. The total amount of funds available for FY 1985-86 is \$50,000.

Statutory Authority: § 10-186.5 of the Code of Virginia.

Written comments may be submitted until November 3, 1985.

## STATE BOARD OF HEALTH

**November 13-14, 1985 - 10 a.m. - Open Meeting**  
Westpark Hotel, Rosslyn, Virginia. (Location accessible to handicapped.)

A regular business meeting of the board. An agenda for the meeting may be obtained after November 1, 1985.

**Contact:** Sally Camp, James Madison Bldg., Room 400, Richmond, Va. 23219, telephone (804) 786-3561

**November 15, 1985 - 10 a.m. - Public Hearing**  
James Madison Building, Main Floor Conference Room, Richmond, Virginia. (Location accessible to handicapped.)

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Board of Health intends to amend regulations entitled: **Virginia Medical Care Facilities Certificate of Public Need Rules and Regulations (VR 355-30-01)**. The purpose of the proposed amendments is to amend the capital and operating expenditure limits for review of COPN projects, not to include expenditures for major medical equipment.

### STATEMENT

#### Summary, Purpose, Need:

**A. Purpose:** To amend the capital and operating expenditure limits for review of COPN projects excluding expenditures for major medical equipment. Affected provisions of the regulations:

Part I - Definitions "Acquisition" and "Project"

Part III - Mandatory Requirements - § 3.3.

Part V - Process for Exempting Medical Care Facility Projects from Review Procedures - § 5.1.A. and 5.1.B.

Part VI - Administrative Review Process - § 6.1

**Need:** To potentially reduce the number of medical care facility projects that are subject to review.

Without the regulation, a substantial increase in the proliferation of capital expenditures and duplicative health services would occur thereby affecting the total costs of health care borne by the public.

**B. Consideration of alternative approaches** were obviated based on general concurrence of the proposed capital and operating expenditure limits by the Virginia Hospital Association and Health Systems Agencies. Approximately 80% of the projects considered under the COPN program are hospital-related. The proposed regulations also comply favorably with the increased capital expenditure limits

proposed by the federal government.

**Statutory Authority:** §§ 32.1-12 and 32.1-102.2 of the Code of Virginia.

Written comments may be submitted until November 15, 1985.

## Division of Solid and Hazardous Waste Management

† **December 27, 1985 - 10 a.m. - Public Hearing**  
Monroe Building, 101 North 14th Street, Meeting Room C, Richmond, Virginia. (Location accessible to handicapped.)

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Virginia Board of Health intends to amend regulations entitled: **Regulations Governing the Transportation of Hazardous Materials**.

### STATEMENT

Amendment 5 to the Regulations Governing the Transportation of Hazardous Materials.

**Basis and Authority:** Regulations Governing the Transportation of Hazardous Materials in the Commonwealth are based on the requirements of § 18.2-278.2 of the Code of Virginia. These statutory requirements reflect federal requirements contained in the Hazardous Materials Transportation Act of 1975 (PL 93-633, 49 USC 1801 et seq.), Federal Motor Carrier Safety Regulations contained in 49 USC 304, Interstate Commerce Act and 49 USC 1655, Department of Transportation Act. The proposed amendment is consistent with the Virginia statute and with the implementing federal regulations contained in Title 49, Code of Federal Regulation, Part 107, Subpart B, Parts 171-179 and Parts 390-397.

**Purpose:** The purpose of this amendment is to adopt changes made during 1984 in the federal regulations governing all modes of transportation of hazardous materials in commerce.

**Summary and Analysis:** This amendment revises the regulations adopted on May 4, 1981 governing the manner and method by which hazardous materials are loaded, unloaded, packed, identified, marked, placarded, stored, and transported in Virginia. Changes reflected in this amendment deal with simplifying and clarifying requirements, correcting editorial errors and omissions, and extending dates for compliance with various sections of the regulations.

The major proposed changes include:

A clarification of § 1.04 to include all hazardous materials,

# Calendar of Events

---

hazardous substances and hazardous wastes transported in the Commonwealth as subject to the regulations.

An authorization that certain types of small arms ammunition used in rifles, shotguns and pistols be classed and offered for shipment as an ORM-D, a "consumer commodity," rather than a Class C Explosive. (49 FR No. 102 May 24, 1984, pp. 21933-21936).

A revision concerning the transportation of certain cryogenic liquids (49 FR No. 114 June 12, 1984, pp. 24306-24318).

An amendment to driver qualifications rules and the driving rules to prohibit the transportation, possession and use of drugs and other substances, such as opiates, hallucinogens, depressants, and stimulants (49 FR No. 215 November 5, 1984, pp. 44210-44216).

These proposed changes represent changes to U.S. Department of Transportation regulations proposed during 1984.

The amendment is necessary because compliance with federal regulations is accepted under the applicable Virginia statute (§ 18.278.7). Failure to maintain consistency with federal regulations would: (i) promote confusion in the regulated community, especially with regard to those persons engaged in interstate commerce; (ii) require enforcement officials to maintain provisions in two sets of regulations and (iii) undermine the development of standards for the safe transportation of hazardous materials, a situation which would have an adverse impact on emergency response activities.

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Virginia Board of Health intends to amend regulations entitled: **Virginia Hazardous Waste Management Regulations.**

## STATEMENT

Amendment 7 to the Virginia Hazardous Waste Management Regulations

Basis and Authority: Section 32.1-178 of the Code of Virginia directs the Board of Health to promulgate regulations as may be necessary. Extensive changes in the federal regulations promulgated in 1984 necessitate an

amendment which keeps the Virginia Hazardous Waste Management program consistent with federal requirements, thus preserving the final authorization granted to the Virginia program, and maintaining its independent authority to enforce the Resource Conservation and Recovery Act (RCRA) provisions here in the Commonwealth.

Purpose: The State Board of Health and the State Health Commissioner promulgate these amended regulations in order to effectively monitor the generation, treatment, storage, transportation and disposal of hazardous waste in the Commonwealth. By regulating these activities, the Commonwealth protects life, health, property, and Virginia's environment.

Summary and Analysis: Amendment 7 proposes to incorporate changes in the federal regulations promulgated up to April 30, 1985. Other minor revisions, including editorial changes, additions of reference materials, or clarifying language, have been included for the convenience of the regulated community, and to maintain equivalence with the federal requirements for a hazardous waste management program.

The major changes in Amendment 7 are as follows:

1. Redefinition of what constitutes "solid waste" and "hazardous waste", in §§ 2 and 3.
  2. Dioxin becomes a hazardous waste, in § 3.
  3. Satellite hazardous waste accumulation points on a generator facility site are exempted from permitting requirements in § 6.
  4. Special regulations are specified for certain kinds of hazardous waste.
  5. Section 14 establishes special rulemaking and procedures for applying for variances of the regulations.

## DEPARTMENT OF MENTAL HEALTH AND MENTAL RETARDATION

**December 2, 1985 - 10 a.m. – Public Hearing**  
Virginia Treatment Center for Children, 515 North 10th Street, Auditorium, Richmond, Virginia. (Location accessible to handicapped.)

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Department of Mental Health and Mental Retardation intends to adopt regulations entitled: **Rules and Regulations for the Licensure of Correctional Psychiatric Facilities**. The proposed regulations will establish minimum requirements for staffing, programs and services, health and safety, management and record-keeping in correctional psychiatric facilities.

### STATEMENT

Subject, Substance, Issues, Basis and Purpose: The proposed Rules and Regulations for the Licensure of Correctional Psychiatric Facilities are designed to establish minimum requirements for staffing client rights, organization and management, admissions, programs and services, health and safety procedures and recordkeeping in psychiatric facilities established in correctional facilities. Many prisoners are in need of mental health services while incarcerated. Federal court rulings have indicated that these prisoners are eligible for mental health

treatment services. The Department of Corrections has received funding to expand the mental health treatment services that it provides to prisoners. State law requires that the Department of Mental Health and Mental Retardation license psychiatric facilities in the Commonwealth. The proposed regulations are intended to comply with the federal court rulings and state law.

The proposed rules and regulations will affect seven correctional units in which psychiatric facilities are planned to be established. The total number of beds involved is approximately 414.

## VIRGINIA BOARD OF PROFESSIONAL COUNSELORS

November 4, 1985 - 10 a.m. - Public Hearing  
Department of Health Regulatory Boards, 4901 Fitzhugh Avenue, Conference Room 1, Richmond, Virginia. (Location accessible to handicapped.)

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Virginia Board of Professional Counselors intends to adopt regulations entitled: **Public Participation Guidelines**. This regulation will establish guidelines for soliciting participation of interested parties in the revision and adoption of regulations.

### STATEMENT

Subject and Substance: Proposed adoption by the Virginia Board of Professional Counselors of Public Participation Guidelines to be used to solicit participation by interested parties in the formulation, development and adoption of regulations that the board may promulgate as required or authorized by state law.

Issues: 1. Estimated impact with respect to number of persons affected:

The guidelines will provide a means for all persons affected by regulations of the agency to participate in their development, formulation and adoption.

2. Projected cost for implementation and compliance:

Since the Board of Professional Counselors is part of an agency that generates operating funds from licensees, any additional costs would be borne by them. At present a one-day board meeting costs approximately \$1,000. If additional meetings would be required to fulfill the requirements of a biennial review of regulations' effectiveness and continued need, this cost would also be borne indirectly by the licensees.

The cost of a public hearing and transcript, which should not exceed \$500.

There is no enforcement cost.

Basis: § 54-929 of the Code of Virginia.

Purpose: To solicit participation of interested parties in the development of regulations prior to and during the entire drafting, formulation, promulgation, and final adoption process.

Statutory Authority: § 54-929 of the Code of Virginia.

Written comments may be submitted until November 4, 1985.

**Contact:** John W. Braymer, Ph.D., Executive Director, P. O. Box 27708, Richmond, Va. 23261, telephone (804)

## VIRGINIA BOARD OF PSYCHOLOGY

Department of Health Regulatory Boards, 4901 Fitzhugh Avenue, Conference Room 1, Richmond, Virginia. (Location accessible to handicapped.)

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Virginia Board of Psychology intends to adopt regulations entitled: **Public Participation Guidelines**. This regulation will establish guidelines for soliciting participation of interested parties in the revision and adoption of regulations.

### STATEMENT

Subject and Substance: Proposed adoption by the Virginia Board of Psychology of Public Participation Guidelines to be used to solicit participation by interested parties in the formulation, development and adoption of regulations that the board may promulgate as required or authorized by state law.

Issues: 1. Estimated impact with respect to number of persons affected:

The guidelines will provide a means for all persons affected by regulations of the agency to participate in their development, formulation and adoption.

2. Projected cost for implementation and compliance:

Since the Board of Psychology is part of an agency that generates operating funds from licensees, any additional costs would be borne by them. At present a one-day board meeting costs approximately \$1,000. If additional meetings would be required to fulfill the requirements of a biennial review of regulations' effectiveness and continued need, this cost would also be borne indirectly by the licensees.

The cost of a public hearing and transcript, which should not exceed \$500.

There is no enforcement cost.

Basis: § 54-929 of the Code of Virginia.

Purpose: To solicit participation of interested parties in the development of regulations prior to and during the entire drafting, formulation, promulgation, and final adoption process.

Statutory Authority: § 54-929 of the Code of Virginia.

Written comments may be submitted until November 4, 1985.

## DEPARTMENT OF SOCIAL SERVICES

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Department of Social Services intends to amend regulations entitled: **Real Property Disposition Period in the Aid to Dependent Children (ADC) Program (VR 615-01-8)**. The intent of the proposed amendment is to extend the current six-month excess real property disposition period for an additional three months, for a total of nine months.

### STATEMENT

**Subject:** Proposed amendment to the following regulation: **Real Property Period in the Aid to Dependent Children (ADC) Program**. This amendment is being proposed for a 60-day public comment period.

**Substance:** It is the intent of the State Board of Social Services to extend the current six-month period for disposing of excess nonexempt real property for an additional three months. Under current regulations, when ownership of excess nonexempt real property exceeds the \$600 maximum resource limit, assistance is to be granted to the otherwise eligible assistance unit members for a period of six months, provided the unit agrees to dispose of the excess property and repay any assistance received during that period. The proposed regulation will extend for three months the period during which the assistance unit allowed to receive assistance, for a total of nine months, while making efforts to dispose of the excess property.

# Calendar of Events

---

**Issues:** Prior to continuing assistance during the disposition period, the assistance unit must sign an agreement to repay the total amount of assistance received during the period, except that the amount to be repaid cannot exceed the net proceeds from the sale of the excess property.

If the property is not sold during the disposition period or assistance is terminated during the period because the assistance unit no longer meets other financial or categorical requirements, the entire amount of assistance paid during the period is an overpayment which is subject to recoupment and/or recovery.

Federal regulations specify that states must define what constitutes a good faith effort to dispose of the excess nonexempt real property. For the purpose of this requirement a "good faith effort" is defined as: an attempt to sell the excess nonexempt real property within a range of 10% of the fair market value. Attempts may include, but are not limited to, listing the property with a real estate company or advertising the property in various ways.

**Basis:** The proposed regulation is an option made available to states in § 2626 of the federal Deficit Reduction Act of 1984 (P.L. 98-369). Section 63.1-25 of the Code of Virginia delegates authority to the State Board of Social Services to promulgate rules and regulations necessary for operation of public assistance programs in Virginia.

**Purpose:** The purpose of the proposed regulation is to establish a more reasonable period for disposing of excess real property. The regulation would allow continuation of assistance for a period of nine months to otherwise eligible assistance units when an agreement to dispose of such excess nonexempt real property and repay any assistance received during the disposition period has been executed.

Statutory Authority: § 63.1-25 of the Code of Virginia.

Written comments may be submitted until November 29, 1985, to I. Guy Lusk, Director, Division of Benefit Programs, Department of Social Services, 8007 Discovery Drive, Richmond, Virginia 23229-8699.

**Contact:** Carolyn Ellis, Supervisor, Economic Assistance Unit, Department of Social Services, 8007 Discovery Dr., Richmond, Va. 23229-8699, telephone (804) 281-9046

## Departments of Social Services, Education and Corrections

October 29, 1985 - 10 a.m. – Public Hearing  
State Capitol, Capitol Square, Richmond, Virginia. (Location accessible to handicapped.)

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Departments of Social Services, Education and Corrections intends to adopt regulations entitled: **Rules of the Interdepartmental Committee on Rate-Setting: The Joint Regulations on Rate-Setting for Children's Facilities of the Board of Education, the Board of Social Services and the Board of Corrections.** These rules of the interdepartmental committee describe the method for implementing a consistent rate-setting and appeals process through the three state departments.

## STATEMENT

**Basis:** These regulations are issued under authority granted by § 2.1-703 of the Code of Virginia which requires the development and adoption of these rules.

**Subject:** These regulations establish a uniform process to approve rates for all day or special education schools for the handicapped, residential providers of child care or regional public special education programs for the handicapped that accept publicly funded children. The rates established through this process will be paid by all school boards, court service units, and social service departments.

**Substance:** The current process is similar to the process proposed in these regulations. The process sets unit costs for each service provider depending on the proposed cost of each service provider. The process lists allowable costs and unallowable costs and prescribes minimum utilization rates to be used in determining unit costs.

**Issues:** These regulations formalize a uniform rate-setting process among the three departments. The process establishes uniform rates to be paid for any publicly funded child. In the absence of these regulations each department could have a different rate-setting process and determine different rates for the same service provider. This would cause duplication of effort for the service providers and the possibility that different rates would be set for the same service provider.

**Purpose:** The purpose of these regulations is to approve uniform rates for any service provider in the state that accepts publicly funded children.

### Division of Licensing Programs

**December 10, 1985 - 11 a.m. – Public Hearing**

Henrico Government Center, Parham and Hungry Springs Roads, Richmond, Virginia. (Location accessible to handicapped.)

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Virginia Department of Social Services, Division of Licensing Programs intends to adopt and repeal regulations entitled: **Standards and Regulations for Licensed Adult Day Care Centers.** The areas addressed by the requirements of this regulation include: administration, personnel, supervision, physical environment, programs and services, and emergencies.

### STATEMENT

**Basis:** The statutory basis for these regulations is § 63.1-174 of the Code of Virginia. The Department of Social Services has approved draft standards and regulations for licensed adult day care centers for a 60-day public comment period.

**Purpose:** The purpose of standards and regulations for adult day care centers is to ensure a minimum level of health, safety, and well-being for the participants receiving care. The proposed revisions are designed to provide protective oversight of participants in group care in a flexible enough manner to accommodate changes during the lifetime of these standards. Emphasis has been placed on clarity and ease of comprehension.

**Issues:** The document is comprised of the following issues which impact adult care centers subject to licensure by the Department of Social Services: administration, personnel, supervision, physical environment, management of emergencies and programs and services which include: admission policies, health care, management of behavior, nutrition, food service and activities.

**Impact:** Under the current definition in the Code of Virginia, an adult day care center is a facility, which is either operated for profit or which desires licensure, for four or more aged, infirm or disabled adults which is operated during a part of a day only, which provides supplementary care and protection of individuals who reside elsewhere. Section 63.1-172C of the Code of Virginia

exempts a facility or portion of a facility licensed by the State Board of Mental Health and Mental Retardation, and the home or residence of an individual who cares for only persons related to him by blood or marriage from adult day care center licensure.

As of July 1985, 30 centers were licensed for a total capacity of 1,171 participants. Of these, 15 were private, not-for-profit; 11 were public not-for-profit; and 4 were operated for profit.

Statutory Authority: § 63.1-174 of the Code of Virginia.

Written comments may be submitted until December 10, 1985.

**Contact:** E. Louise Sparrer, Supervisor, Standards/Policy, Adult Programs, Division of Licensing Programs, Virginia Department of Social Services, 8007 Discovery Dr., Richmond, Va. 23229-8699, telephone (804) 281-9025 (toll-free number 1-800-552-7091)

### VIRGINIA BOARD OF SOCIAL WORK

**November 4, 1985 - 10 a.m. – Public Hearing**

Department of Health Regulatory Boards, 4901 Fitzhugh Avenue, Conference Room 1, Richmond, Virginia. (Location accessible to handicapped.)

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Virginia Board of Social Work intends to adopt regulations entitled: **Public Participation Guidelines.** This regulation will establish guidelines for soliciting participation of interested parties in the revision and adoption of regulations.

### STATEMENT

**Subject and Substance:** Proposed adoption by the Virginia Board of Social Work of Public Participation Guidelines to be used to solicit participation by interested parties in the formulation, development and adoption of regulations that the board may promulgate as required or authorized by state law.

**Issues:** 1. Estimated impact with respect to number of persons affected:

The guidelines will provide a means for all persons affected by regulations of the agency to participate in their development, formulation and adoption.

2. Projected cost for implementation and compliance:

Since the Board of Social Work is part of an agency that generates operating funds from licensees, any additional costs would be borne by them. At present a one-day board meeting costs approximately \$1,000. If additional meetings would be required to fulfill the requirements of a biennial

### VIRGINIA SUBSTANCE ABUSE CERTIFICATION BOARD

**November 4, 1985 - 10 a.m. – Public Hearing**  
Department of Health Regulatory Boards, 4901 Fitzhugh Avenue, Conference Room I, Richmond, Virginia. (Location accessible to handicapped.)

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Virginia Substance Abuse Certification Board intends to adopt regulations entitled: **Public Participation Guidelines**. This regulation will establish guidelines for soliciting participation of interested parties in the revision and adoption of regulations.

#### STATEMENT

Subject and Substance: Proposed adoption by the Virginia Substance Abuse Certification Committee of Public Participation Guidelines to be used to solicit participation by interested parties in the formulation, development and adoption of regulations that the board may promulgate as required or authorized by state law.

Issues: 1. Estimated impact with respect to number of persons affected:

The guidelines will provide a means for all persons affected by regulations of the agency to participate in their development, formulation and adoption.

### DEPARTMENT OF TAXATION

**November 12, 1985 - 10 a.m. – Public Hearing**  
General Assembly Building, Capitol Square, House Room C, Richmond, Virginia. (Location accessible to handicapped.)

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Department of Taxation intends to adopt regulations entitled: **VR 630-3-446.1. Corporation Income Tax: Foreign Sales Corporations**. This regulation sets forth the treatment of corporations which own and/or transact business with an FSC, Small FSC or interest charge DISC.

#### STATEMENT

Basis: This regulation is issued under authority granted by § 58.1-203 of the Code of Virginia.

Purpose: This regulation sets forth the policies and procedures relating to the Virginia tax treatment of corporations which own and/or transact business with affiliated corporations qualifying under the Internal Revenue Code as Foreign Sales Corporations, Small Foreign Sales Corporations and Domestic International Sales Corporation for taxable years beginning on and after January 1, 1985.

Issues: The Federal Tax Reform Act of 1984 created three new types of corporations which could be used to defer or exempt from federal income tax a portion of foreign trade income of a taxpayer. For state tax purposes, use of one of these three new types of corporations also changes the character of income to the form of dividends. In many, if

## Calendar of Events

not most, cases these corporations will be "paper" corporations exempt from the arms length standards of the Internal Revenue Code § 482. The issue raised by this new federal device is whether or not Virginia will recognize the artificial shifting and recharacterization of income under federal law.

**Substance:** This regulation specifies that no adjustments or consolidation will be required under Virginia Code § 58.1-446 for Foreign Sales Corporations and Small Foreign Sales Corporations.

An adjustment will be required in the case of taxpayers owning or transacting business with affiliated interest charge Domestic International Sales Corporations. The adjustment will normally be based upon consolidation of the DISC with the parent/taxpayer. This parallels the established policy with respect to DISC's under prior law.

Statutory Authority: § 58.1-203 of the Code of Virginia.

Written comments may be submitted until November 5, 1985.
