PAYDAY LENDING IN THE COMMONWEALTH OF VIRGINIA

BORROWER RIGHTS AND RESPONSIBILITIES

Please take the time to carefully review the information contained in this pamphlet. It is designed to advise you of your rights and responsibilities in connection with obtaining a payday loan in Virginia under the Payday Loan Act, § 6.1-444 et seq. of the Code of Virginia. If you have any questions

Proposed Regulations

about payday lending or want additional information, you may contact the Virginia State Corporation Commission's Bureau of Financial Institutions toll-free at (800) 552-7945 or on the Internet at <http://www.state.va.us/scc/division/banking> <http://www.scc.virginia.gov/division/banking>. The Bureau of Financial Institutions has available a "Consumer Guide to Payday Lending" that may be viewed at this website or obtained by calling the toll-free telephone number listed above.

In General: You are responsible for evaluating whether a payday loan is right for you. Alternatives may include among other things less expensive short-term financing from another financial institution, family, or friends, a cash advance on a credit card, an account with overdraft protection, or a loan repayable over several months.

Notice from Lender: The lender is required to provide you with a clear and conspicuous printed notice advising you that a payday loan is not intended to meet long-term financial needs and that you should use a payday loan only to meet occasional or unusual short-term cash needs.

Limitations on Security Interest: The lender cannot require you to provide more than one check as security for any payday loan. The check cannot be post-dated. The lender cannot require you to provide any security for your payday loan other than a check payable to the lender.

\$500 Maximum/Seven-Day Minimum Term: The lender cannot have loans (either single or in the aggregate) outstanding to you at any one time in the principal amount of more than \$500. By law, the specified due date of your loan must be at least seven days after the date that money is advanced to you.

Fees, Charges, and Interest: The lender is permitted to charge you interest in the form of a fee not exceeding 15% of the amount of money advanced to you (i.e., \$15 per \$100 advanced). For example, if the lender advances you \$300 for seven days, the lender may charge you up to \$45 as a fee for obtaining the loan (an Annual Percentage Rate of 782%). If the lender advances you \$300 for 14 days, the lender may charge you up to the same \$45 fee for obtaining the loan (an Annual Percentage Rate of 391%). If the lender advances you \$300 for 30 days, the lender may charge you up to the same \$45 fee for obtaining the loan (an Annual Percentage Rate of 183%). Other than the specific fees and costs discussed in the section of this pamphlet entitled "Failure to Repay" (see below), no additional amounts may be directly or indirectly charged, contracted for, collected, received, or recovered by the lender.

You will receive your loan proceeds in the form of either cash or a check from the lender. The lender cannot charge you a fee for cashing their check. Similarly, a check casher affiliated with the lender cannot charge you a fee for cashing the lender's check.

Written Agreement: The lender must provide you with a written loan agreement, which must be signed by both you and an authorized representative of the lender. The loan agreement is a binding, legal document ~~which~~ *that* requires you to repay the loan. Make sure you read the entire loan agreement carefully before signing and dating it. The lender

must provide you with a duplicate original of the loan agreement at the time of your loan transaction.

Other Businesses: A lender is prohibited by statute from engaging in other businesses, besides check cashing, unless permitted by order of the State Corporation Commission. A lender is also prohibited by statute from selling you any type of insurance coverage.

Loans for Other Products & Services: You are prohibited from using any of the money from your payday loan to purchase any other product or service sold at the lender's business location.

Right to Cancel: You have the right to cancel your loan at any time prior to the close of business on the next day the lender is open following the date your loan is made by paying the lender the amount advanced to you in cash, certified check, cashier's check, money order or, if the lender is equipped to handle such payments, by using a credit or debit card.

Partial Payments and Prepayments: You have the right to make partial payments (in increments of not less than \$5.00) on your payday loan at any time *prior to its specified due date* without charge. If you make a partial payment, the total interest you pay will be reduced. You have the right to receive signed, dated receipts for each payment made along with a statement of the balance remaining on your payday loan. You also have the right to prepay your loan in full before its specified due date without penalty by paying the lender in cash, certified check, cashier's check, money order or, if the lender is equipped to handle such payments, by use of a credit or debit card, the amount of money advanced to you as well as any accrued and unpaid fees.

Lender to Return Original Loan Agreement: *Upon repayment of your loan in full, the lender must mark your original loan agreement with the word "paid" or "canceled" and return it to you.*

No Rollovers, Extensions, Etc.: The lender cannot refinance, renew, extend, or rollover your payday loan.

Failure to Repay: Pay back your loan! Know when your payment is due and be sure to repay your loan on time and in full. You are responsible for having sufficient funds in your checking account on the due date of your loan so that your check does not bounce if the lender deposits it in his account. If you do not repay your loan by the specified due date, the lender may begin accruing interest on the ~~unpaid balance~~ *principal amount of your loan* at a maximum rate of 6% per year.

The lender is prohibited from threatening or beginning criminal proceedings against you if a check you provide to the lender bounces.

If you cannot or do not repay the loan: (i) the lender is permitted to recover from you any fee charged to the lender (maximum of \$25) as a result of your check being returned due to your account being closed by you or containing insufficient funds, or if you stopped payment on your check; and (ii) if the lender seeks and obtains judgment against you as a result of your returned check, the lender may obtain court

costs and reasonable attorney's fees (total may not exceed \$250) if such costs and fees are awarded by the court.

Legal Action Against Lender: You have the right to bring a civil action against the lender if you suffer a loss as a result of the lender violating any provision of the Payday Loan Act. If you are successful in your civil action, you have the right to be reimbursed for reasonable attorney's fees, expert witness fees, and court costs you have incurred in connection with your civil action. Losses suffered as the result of the lender's violation of the Payday Loan Act may also be pursued under the Virginia Consumer Protection Act (§ 59.1-196 et seq. of the Code of Virginia), which in some cases permits consumers to recover actual and punitive damages.

Additional Protections for Borrowers in the Military/Borrowers Married to Members of the Military: *If you or your spouse is a member of the United States military, the lender is prohibited by law from (i) garnishing any military wages or salary; (ii) conducting any collection activity against you if you or your spouse is deployed to a combat or combat support posting or is a member of the Reserves or National Guard and called to active duty, for the duration of the deployment or active duty service; (iii) contacting your commanding officer or your spouse's commanding officer, or anyone in your chain of command or your spouse's chain of command, in an effort to collect a loan made to you; (iv) disregarding the terms of a loan repayment agreement that the lender negotiates through military counselors or third-party credit counselors; and (v) making a loan to you if a military base commander has declared that a specific location of the lender's business is off limits to military personnel.*

Complaints and Contacting the Bureau of Financial Institutions: For assistance with any complaints you may have against a payday lender, please contact the Bureau of Financial Institutions toll free at (800) 552-7945 or on the Internet at <http://www.state.va.us/scc/division/banking> <http://www.scc.virginia.gov/division/banking>. *Complaints must be filed in writing with the Bureau of Financial Institutions. EMERGENCY REGULATIONS

TITLE 12. HEALTH

STATE BOARD OF HEALTH

Titles of Regulations: 12 VAC 5-70. Regulations Governing the Newborn Screening and Treatment Program (repealing 12 VAC 5-70-10 through 12 VAC 5-70-50).

12 VAC 5-71. Regulations for Virginia Newborn Screening Services (adding 12 VAC 5-71-10 through 12 VAC 5-71-170).

Statutory Authority: §§ 32.1-12 and 32.1-67 of the Code of Virginia.

Effective Dates: March 1, 2006, through February 28, 2007.

Agency Contact: Nancy Ford, MPH, RN, Director, Pediatric Screening and Genetic Services, Division of Child and Adolescent Health, Department of Health, 109 Governor Street, 8th Floor, Richmond, VA 23219, telephone (804) 864-7691, FAX (804) 864-7722, or e-mail nancy.ford@vdh.virginia.gov.

Preamble:

An emergency regulation is necessary to meet statutory changes affecting newborn screening in the Commonwealth. Chapter 721 of the 2005 Acts of Assembly (House Bill 1824) amended and reenacted §§ 32.1-65 through 32.1-67.1 of the Code of Virginia to expand newborn screening by March 1, 2006. The Board of Health is mandated to promulgate regulations to implement provisions of the act to be effective within 280 days of the enactment. Emergency regulations, therefore, are necessary to meet these mandated timelines.

The current regulation will be repealed and replaced with a new emergency regulation because of the extensive changes to the regulation text.

The emergency regulation will list the specific disorders for which screening will be done on all infants born in the Commonwealth. Previously, newborn screening disorders were referenced directly in the Code of Virginia. The emergency regulation will expand upon existing regulation provisions and add provisions mandated by the Code to address follow up, referrals, and treatment services available for infants and children with conditions identified through newborn screening.

Virginia Newborn Screening Services is undergoing the most significant expansion in its history from the current panel, which screens for 12 disorders (including hearing screening), to an expanded panel, which will screen for 29 disorders. In concurrence with a 2004 Joint Commission on Health Care study, legislation passed during the 2005 General Assembly directed the department to expand newborn screening in promotion of early detection of treatable conditions. The expansion is to be consistent with the uniform core panel recently recommended in a 2005 report entitled "Newborn Screening: Toward a Uniform Screening Panel and System," which was commissioned by the U.S. Department of Health and Human Services. The

emergency regulation will provide official notice for the conditions that the Commonwealth tests blood spots of all newborns. In the past, newborn screening conditions had been listed in the Code of Virginia; however, with the breadth of the current expansion and possibilities for further increases as technology continues to advance, listing of conditions will be promulgated through the regulatory process.

The emergency regulation will further detail responsibilities of parties involved in newborn services, such as hospitals, primary care providers, and the testing laboratory. This is needed to address the level of change the services are undergoing. In addition, the federal newborn screening report referenced previously provides guidance to states to develop minimum standards and model policies and procedures. This guidance is incorporated as necessary into the emergency regulations.

The emergency regulation will address services available for infants and children who have selected heritable disorders and genetic diseases diagnosed through newborn screening services. Previously, the Code of Virginia stipulated special formula and low protein food benefits for children and pregnant women. The proposed emergency regulation specifies that residents of the Commonwealth who are diagnosed with selected heritable disorders or genetic diseases identified through newborn screening services are referred to the Care Coordination for Children network for care coordination services. The intent is to describe diagnostic, case management, and financial treatment assistance that the department will be responsible to provide or assure in a consistent format. The Code states that all diagnosed individuals are eligible for the Children with Special Health Care Needs Program. The intent is to strengthen linkages to an umbrella of services routinely made available to all special needs children, including infants diagnosed through newborn screening. In addition, the proposed emergency regulation seeks to make the assistance available equitably, regardless of disorder. Financial treatment assistance through the children with special health care needs program is means tested and available for children of families at or below the 300% federal poverty level.

GOVERNOR

EXECUTIVE ORDER NUMBER 99 (2005)

DECLARATION OF A STATE OF EMERGENCY TO ASSIST WISE COUNTY AND THE TOWN OF BIG STONE GAP DUE TO A CRITICAL WATER SHORTAGE

(Revised October 14, 2005)

On October 7, 2005, I verbally declared a state of emergency to exist for the Wise County and the Town of Big Stone Gap to assist these localities in responding to a critical water shortage. In accordance with § 44-146.17, the Commonwealth will provide resources and assistance to the fullest extent possible as needed to assist with measures that may be needed to deal with the water shortages.

Therefore, by virtue of the authority vested in me by § 44-146.17 of the Code of Virginia, as Governor and as Director of Emergency Management, and by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia and by § 44-75.1 of the Code of Virginia, as Governor and Commander-in-Chief of the armed forces of the Commonwealth, and subject always to my continuing and ultimate authority and responsibility to act in such matters, I hereby confirm, ratify, and memorialize in writing my verbal orders issued October 7, 2005, wherein I proclaimed that a state of emergency exists and directed that appropriate assistance be rendered by agencies of the state government to respond to needs in Wise County and the Town of Big Stone Gap to alleviate adverse conditions created by the water shortage. Pursuant to § 44-75.1 A 3 and A 4 of the Code of Virginia, I directed that the Virginia National Guard be called forth to state duty to assist in providing such aid. This shall include such functions as the State Coordinator of Emergency Management, the Adjutant General, and the Secretary of Public Safety, may find necessary.

In order to marshal all public resources and appropriate preparedness, response and recovery measures to meet this potential threat and recover from its effects, and in accordance with my authority contained in § 44-146.17 of the Emergency Services and Disaster Laws, I hereby order the following measures:

A. The limited implementation by agencies of the state and local governments of Volume 1 (Basic Plan and Volume 2 (Disaster Recovery Plan) of the Virginia Emergency Operations Plan, as amended, along with other appropriate state agency plans).

B. Limited activation of the Virginia Emergency Operations Center (VEOC) and Virginia Emergency Response Team (VERT) to coordinate the provision of assistance to the impacted localities. I am directing that the VEOC and VERT coordinate state operations in support of this emergency declaration, other mission assignments to agencies designated in the Commonwealth of Virginia Emergency Operations Plan (COVEOP) and other measures that may be identified by the State Coordinator of Emergency Management, in consultation with the Secretary of Public Safety, which are needed to provide assistance for the

preservation of life, protection of property, and implementation of recovery activities.

C. The activation, implementation and coordination of appropriate mutual aid agreements and compacts, including the Emergency Management Assistance Compact (EMAC), and the authorization of the State Coordinator of Emergency Management to enter into any other supplemental agreements, pursuant to §§ 44-146.19 D and 44-146.28:1 of the Code of Virginia to provide for the exchange of medical, fire, police, National Guard personnel and equipment, public utility, reconnaissance, welfare, transportation and communications personnel, and equipment and supplies. The State Coordinator of Emergency Management is hereby designated as Virginia's authorized representative within the meaning of the Emergency Management Assistance Compact, § 44-146.28:1 of the Code of Virginia.

D. The authorization of the Departments of State Police, Transportation and Motor Vehicles to grant temporary overweight, over width, registration, or license exemptions to all carriers transporting essential commodities in and through any area of the Commonwealth in order to support the emergency conditions, regardless of their point of origin or destination.

The axle and gross weights shown below are the maximum allowed, unless otherwise posted.

Axle Size	Max. Weight
Any One Axle	24,000 Pounds
Tandem Axles (more than 40 inches but not more than 96 inches spacing between axle centers)	44,000 Pounds
Single Unit (2 Axles)	44,000 Pounds
Single Unit (3 Axles)	54,500 Pounds
Tractor-Semitrailer (4 Axles)	64,500 Pounds
Tractor-Semitrailer (5 or more Axles)	90,000 Pounds
Tractor-Twin Trailers (5 or more Axles)	90,000 Pounds
Other Combinations (5 or more Axles)	90,000 Pounds
Per Inch of Tire Width in Contact with Road Surface	850 Pounds

All over width loads, up to a maximum of 14 feet, must follow Virginia Department of Transportation (VDOT) hauling permit and safety guidelines.

In addition to described overweight/over width transportation privileges, carriers are also exempt from registration with the Department of Motor Vehicles. This includes the vehicles in route and returning to their home base. The above-cited agencies shall communicate this information to all staff responsible for permit issuance and truck legalization enforcement.

This authorization shall apply to hours worked by any carrier when transporting passengers, property, equipment, food, fuel, construction materials and other critical supplies to or from any portion of the Commonwealth for purpose of providing relief or assistance as a result of this disaster, pursuant to § 52-8.4 of the Code of Virginia.

The foregoing overweight/over width transportation privileges as well as the regulatory exemption provided by § 52-8.4 A of the Code of Virginia, and implemented in 19 VAC 30-20-40 B of the "Motor Carrier Safety Regulations," shall remain in effect for 30 days from the onset of the disaster, or until emergency relief is no longer necessary, as determined by the Secretary of Public Safety in consultation with the Secretary of Transportation, whichever is earlier.

E. The discontinuance of provisions authorized in paragraph D above may be implemented and disseminated by publication of administrative notice to all affected and interested parties by the authority I hereby delegate to the Secretary of Public Safety, after consultation with other affected cabinet secretaries.

F. This state of emergency constitutes a major medical emergency under the Rules and Regulations of the Board of Health Governing Emergency Medical Services, pursuant to Article 3.01 (§ 32.1-111.1 et seq.) of Chapter 4 of Title 32.1, of the Code of Virginia, Statewide Emergency Medical Services System and Services, and exemptions specified in the Rules and Regulations regarding patient transport and provider certification in disasters apply.

G. The implementation by public agencies under my supervision and control of their emergency assignments as directed in the COVEOP without regard to normal procedures pertaining to performance of public work, entering into contracts, incurring of obligations, or other logistical and support measures of the Emergency Services and Disaster Laws, as provided in § 44-146.28 (b) of the Code of Virginia. Section 44-146.24 of the Code of Virginia also applies to the disaster activities of state agencies

H. Designation of members and personnel of volunteer, auxiliary and reserve groups including search and rescue (SAR), Virginia Associations of Volunteer Rescue Squads (VAVRS), Civil Air Patrol (CAP), member organizations of the Voluntary Organizations Active in Disaster (VOAD), Radio Amateur Civil Emergency Services (RACES), volunteer fire fighters, and others identified and tasked by the State Coordinator of Emergency Management for specific disaster-related mission assignments as representatives of the Commonwealth engaged in emergency services activities within the meaning of the immunity provisions of § 44-146.23 A of the Code of Virginia, in the performance of their specific disaster-related mission assignments.

I. The following conditions apply to the deployment of the Virginia National Guard:

1. The Adjutant General of Virginia, after consultation with the State Coordinator of Emergency Management, shall make available on state active duty such units and members of the Virginia National Guard and such equipment as may be necessary or desirable to assist in alleviating the human suffering and damage to property.

2. Pursuant to § 52-6 of the Code of Virginia, I authorize and direct the Superintendent of State Police to appoint any and all such Virginia Army and Air National Guard personnel called to state active duty as additional police officers. These police officers shall have the same powers and perform the same duties as the regular State Police

officers appointed by the Superintendent. However, they shall nevertheless remain members of the Virginia National Guard, subject to military command as members of the State Militia. Any bonds and/or insurance required by § 52-7 of the Code of Virginia shall be provided for them at the expense of the Commonwealth.

3. In all instances, members of the Virginia National Guard shall remain subject to military command as prescribed by § 44-78.1 of the Code of Virginia and not subject to the civilian authorities of county or municipal governments. This shall not be deemed to prohibit working in close cooperation with members of the Virginia Departments of State Police or Emergency Management or local law enforcement or emergency management authorities or receiving guidance from them in the performance of their duties.

4. Should service under this Executive Order result in the injury or death of any member of the Virginia National Guard, the following will be provided to the member and the member's dependents or survivors:

- (a) Workers Compensation benefits provided to members of the National Guard by the Virginia Workers Compensation Act, subject to the requirements and limitations thereof; and, in addition,

- (b) The same benefits, or their equivalent, for injury, disability and/or death, as would be provided by the federal government if the member were serving on federal active duty at the time of the injury or death. Any such federal-type benefits due to a member and his or her dependents or survivors during any calendar month shall be reduced by any payments due under the Virginia Workers Compensation Act during the same month. If and when the time period for payment of Workers Compensation benefits has elapsed, the member and his or her dependents or survivors shall thereafter receive full federal-type benefits for as long as they would have received such benefits if the member had been serving on federal active duty at the time of injury or death. Any federal-type benefits due shall be computed on the basis of military pay grade E-5 or the member's military grade at the time of injury or death, whichever produces the greater benefit amount. Pursuant to § 44-14 of the Code of Virginia, and subject to the availability of future appropriations that may be lawfully applied to this purpose, I now approve of future expenditures out of appropriations to the Department of Military Affairs for such federal-type benefits as being manifestly for the benefit of the military service.

5. Upon my approval, the costs incurred by the Department of Military Affairs in performing these missions shall be paid from state funds.

EXECUTIVE ORDER NUMBER 100 (2005)

CREATING THE P-16 EDUCATION COUNCIL

Importance of the Initiative

As the Commonwealth moves forward on a wide range of education reform initiatives from preschool to graduate school, it is more important than ever to coordinate the various reform efforts underway across the continuum of education. Students increasingly are moving from one educational system to the other, and the need for improved transitions between systems is greater than ever. Education is a shared responsibility of several citizen boards in the Commonwealth, and opportunities exist to collaborate on common problems in moving forward on education reform.

Virginia's reform efforts have been nationally recognized, including through the receipt of a National Governors Association Honor States Grant, funded by the Gates Foundation. As part of the efforts for implementing this grant, the Commonwealth will formalize its already strong efforts at coordinating education reform across the entire spectrum of education through a P-16 Council, to address education reform from preschool to graduate school.

The Council is created in full recognition of the Commonwealth's commitment to creating a seamless transition and ensuring effective articulation from preschool to graduate school, enabling students to meet high standards, preparing faculties to teach to high standards, and continuing to improve student achievement.

The Council

The Secretary of Education will chair the Council. It will consist of 19 members, appointed by the Governor and serving at his pleasure. The Council will consist of two members of the House of Delegates, two members of the Senate of Virginia, the Secretary of Education, the Superintendent of Public Instruction, the Director of the State Council of Higher Education, the Chancellor of the Virginia Community College System, the President of the Board of Education, the Chairman of the Virginia Community College Board, the Chairman of the State Council of Higher Education, and eight citizen members. The citizen members will include educators, and business and community leaders. The Governor may appoint additional persons to the Council at his discretion.

The Council's responsibilities shall include the following.

1. Identify opportunities to better coordinate the state's education reform efforts from preschool to graduate school.
2. Serve as a steering committee for oversight of the state's education reform activities as part of the NGA Honor States Grant.
3. Develop approaches to improve transitions among levels of education, promote student success, and encourage students to continue their education.
4. Consider strategies for data systems that provide information about students at all educational levels.
5. Make any other recommendations as may seem appropriate.

The Council shall make a report of its activities by October 1, 2006. The Council shall meet at the call of the chairman.

Commission Staffing and Funding

Necessary staff support for the Commission's work during its existence shall be furnished by the Office of the Governor, the Virginia Department of Education, the Virginia Community College System, the State Council of Higher Education for Virginia, the Department of Social Services, and such other agencies and offices as designated by the Governor. An estimated 3,000 hours of staff time will be required to support the Commission's work.

Necessary funding to support the Commission and its staff shall be provided from federal funds, private contributions, and state funds appropriated for the same purposes as the Commission, as authorized by § 2.2-135 of the Code of Virginia. Estimated direct costs for this Commission are \$15,000.

Commission members shall serve without compensation and shall receive reimbursement for expenses incurred in the discharge of their official duties.

This Executive Order shall be effective October 15, 2005, and shall remain in full force and effect until October 14, 2006, unless sooner amended or rescinded by further executive order.

Given under my hand and under the Seal of the Commonwealth of Virginia, this 19th day of October 2005.

Environmental Cleanup Plan

Purpose of notice: The Department of Environmental Quality (DEQ), and the Department of Conservation and Recreation announce a public meeting to develop a cleanup plan for the Knox Creek and Pawpaw Creek watersheds in Southwest Virginia. The agencies invite public participation and comments for the purpose of reducing pollutants to Knox and Pawpaw Creeks.

Public comment period: November 28, 2005, to December 30, 2005.

Public meeting: Hurley Elementary and Middle School in Hurley, Virginia, on November 28, 2005, from 6:30 p.m. to 8 p.m.

Meeting description: This is the first public meeting on development of a watershed cleanup plan. The cleanup plan is being developed concurrently with the Total Maximum Daily Load Study to improve water quality.

Description of cleanup plan: DEQ is currently developing a total maximum daily load study (TMDL) for Knox Creek and Pawpaw Creek, contaminated streams in Buchanan County, Virginia. A TMDL is the total amount of a pollutant a stream can contain and still meet water quality standards. The stream has bacteria contamination that threatens human health and other contaminants that have harmed the aquatic life in the stream. To restore water quality, contamination levels need to be reduced to the recommended TMDL amounts. The cleanup plan will define ways to reduce contamination.

The Knox Creek "impaired" stream segment includes the entire stream length in Virginia, from its headwaters to the Kentucky state line, approximately 16.9 miles long. Knox Creek is impaired for failing to meet the Aquatic Life Use based on violations of the general standard for aquatic organisms and failure to meet the Recreational Use because of fecal coliform bacteria violations.

Pawpaw Creek is impaired from the Kentucky state line to its confluence with Knox Creek, about 4.5 miles of stream reach. This stream is impaired due to failing to meet the Aquatic Life Use based on violations of the general standard for aquatic organisms only.

How to comment: DEQ accepts written comments by e-mail, fax or postal mail. Written comments should include the name, address and telephone number of the person commenting and be received by DEQ during the comment period. DEQ also accepts written and oral comments at the public meeting announced in this notice. The TMDL report is scheduled for completion in February 2006 and will then be available on the DEQ website at www.deq.virginia.gov. Additionally, information on implementation plans and how they are developed is available at the DEQ website.

Water Quality Study on Onancock Creek

A water quality investigation for dissolved oxygen was conducted on the Onancock Creek watershed. The purpose of the study was to identify sources of low dissolved oxygen in the watershed.

A public meeting has been scheduled for Wednesday, November 16, 2005, at 7 p.m. at the Town of Onancock Council Chambers, 15 North Street, Onancock, Virginia. The purpose of the meeting is to discuss the water quality investigation and to share information in the watershed. Anyone interested in attending this meeting should contact Jennifer Howell (contact information provided below). Information from this meeting will be made available on the DEQ TMDL website at <http://www.deq.virginia.gov/tmdl/>

Questions or information requests should be addressed to Jennifer Howell. The public comment period will end on December 15, 2005. Written comments regarding the water quality study should include the name, address, and telephone number of the person submitting the comments and should be sent to Jennifer Howell, Department of Environmental Quality, Tidewater Regional Office, 5636 Southern Blvd, Virginia Beach, VA 23462, telephone (757) 518-2111, FAX (757) 518-2003, or e-mail jshowell@deq.virginia.gov.

Study to Restore Water Quality in the Staunton (Roanoke) River Watershed

Purpose of notice: To seek public comment and announce a public meeting on a water quality improvement study by the Department of Environmental Quality (DEQ) for the Staunton (Roanoke) River watershed in South Central Virginia.

Public comment period: December 15, 2005, to January 16, 2006.

Public meeting: Brookneal Community Center Auditorium located at 261 Main Street in Brookneal, Virginia, on Thursday December 15, 2005, from 7 p.m. to 9 p.m. In the event of inclement weather, please use the contact information provided below or check your local newspaper for an alternative meeting date.

Meeting description: This is the second public meeting on a study to restore water quality in the Staunton (Roanoke) River watershed.

Description of study: Virginia agencies are working to identify sources of bacteria contamination in the Staunton (Roanoke) River watershed in South Central Virginia. This contamination exceeds water quality standards, which prohibits swimming. The contamination impairs or decreases the quality of water.

The following is a list of the "impaired" waters, their location, the length of the impaired segment and the reason for the impairment:

General Notices/Errata

Staunton (Roanoke) River (39.16 miles), Campbell, Pittsylvania, Halifax, and Charlotte Counties, fecal coliform bacteria; Turnip Creek (2.7 miles), Charlotte County, fecal coliform bacteria; Cub Creek (14.21 miles), Charlotte County, fecal coliform bacteria; and an unnamed tributary of Buffalo Creek (2.88 miles), Charlotte County, fecal coliform bacteria.

During the study, DEQ will develop a total maximum daily load (TMDL) for the impaired waters. A TMDL is the total amount of a pollutant a water body can contain and still meet water quality standards. To restore water quality, contamination levels have to be reduced to the TMDL amount.

How to comment: DEQ accepts written comments by e-mail, fax or postal mail. Written comments should include the name, address and telephone number of the person commenting and be received by DEQ during the comment period. DEQ also accepts written and oral comments at the public meeting announced in this notice.
