JAPAN <span>NEW</span>	

### Artificial Intelligence: Services & Sales – Gemini for Google Workspace

This award recognizes one partner that has demonstrated exceptional expertise in driving sales and delivering outstanding services for Gemini for Google Workspace, empowering customers to harness the power of AI.

### Artificial Intelligence: Services & Sales – Public Sector

This award recognizes one partner that has successfully leveraged Google Cloud's AI technologies to co-build innovative solutions, driving mission success and transformative outcomes within the public sector.

### Artificial Intelligence: Technology – Data & AI

This award recognizes one partner that applied deep AI expertise to help customers incorporate machine learning in a way that met their unique use cases and needs.

### **Artificial Intelligence: Technology – Data Management & AI**

This award recognizes one partner that has demonstrated exceptional leadership in adopting and co-selling Google Cloud's AI stack, empowering customers to unlock deeper insights and drive transformative outcomes from their data.

### **Artificial Intelligence: Technology – Foundation Models**

This award recognizes one partner that has effectively utilized Google Cloud's foundation models to create impactful AI solutions, driving innovation and transformative outcomes for their customers.

### **Artificial Intelligence: Technology – Gemini for Google Workspace**

This award recognizes one partner that has leveraged Gemini for Google Workspace to develop innovative technology solutions, showcasing the transformative potential of AI.

### **Artificial Intelligence: Technology – Security**

This award recognizes one partner that has demonstrated exceptional leadership and innovation in developing transformative AI security solutions leveraging Google Cloud's AI technologies.

### **Artificial Intelligence: Technology – Tooling**

This award recognizes one partner that has developed exceptional AI tooling on Google Cloud, empowering users to build, deploy, and manage AI solutions with ease and efficiency.

# 02

## Business Applications UPDATED

1 global winner • 12 segment winners

To qualify, your organization must be approved for the Build Engagement Model.

This award recognizes partners that leveraged Google Cloud solutions to **create comprehensive and compelling technology solutions** that made a significant impact in one industry across multiple regions.

### Q: What makes your company the best choice for this award?

3,000 characters max

Think customer or market impact, innovative technologies created, and ways your organization effectively engaged with the Google Cloud team.
