

# Slido Tech Setup

## How to set up Present mode (without Admin login)

1. **Connect your PC or Mac to the projector.**
2. Open a web browser, go to [slido.com](https://slido.com) and type in your current **event code**.
3. **Click Present mode** in the hamburger menu on the bottom left.
4. A new tab with your **Present mode will open**. Go **fullscreen** for the best experience.

Note: you can close the previous tab

Full screen on Windows computer: F11

Full screen on MacBook: Command + Shift + F

## How to Set up Present mode in Admin

1. Log in to Slido Admin with your **Slido credentials**.
2. Choose the **current event** to start **administering Slido**.
3. Click **Present mode** in the top right corner and choose your option.

## Internet requirements

We recommend a speed of **5 to 10 mbits/s per 100 participants** to ensure a smooth and fast experience. **A LAN cable plugged into the presentation laptop** helps to ensure a stable and uninterrupted connection.
