27 healthcare activity or aiding and assisting legally protected healthcare activity. Any false attestation
28 submitted under this section is subject to a statutory penalty of ten thousand dollars (\$10,000) per

30 state for any suit, penalty, or damages arising out of a false attestation under this section.

31 (3) Any business entity described in subsection (e)(1) of this section that is served with a
32 subpoena, warrant, court order, or other civil or criminal legal process described in subsection (e)(1)
33 of this section is entitled to rely on the representations made in an attestation described in subsection
34 (e)(2) of this section in determining whether the subpoena, warrant, court order, or other civil or

2 asserts criminal or civil liability for legally protected healthcare activity or aiding and assisting
3 legally protected healthcare activity.

8 protected healthcare activity or aiding and assisting with legally protected healthcare activity.

9 (b) A court in this state shall not issue a search warrant or an order for the interception of
10 any communication or conversation for the purpose of investigating or recovering evidence that
11 related to legally protected healthcare activity or aiding and assisting legally protected healthcare
12 activity.

13 **23-100-7. Choice of law.**

14 Notwithstanding any general or special law or common law conflict of law rule to the
15 contrary, the laws of this state shall govern in any case or controversy heard in this state related to
16 legally protected healthcare activity or aiding and assisting legally protected healthcare activity,
17 except as may be required by federal law.

18 **23-100-8. Noncooperation.**

19 (a) No public agency, including a state or local law enforcement agency, or state or local
20 employee, appointee, officer or official, or any other person acting on behalf of a public agency
21 shall knowingly provide any information or expend or use time, money, facilities, property,
22 equipment, personnel, or other resources in furtherance of any interstate investigation or proceeding
23 seeking to impose civil or criminal liability upon a person or entity for:

24 (1) Legally protected healthcare activity; or

25 (2) Aiding and assisting legally protected healthcare activity.

29 other state's law enforcement agency or any private citizen or quasi-law enforcement agent in
30 relation to an investigation or inquiry into services constituting legally protected healthcare activity,
31 or aiding and assisting legally protected healthcare activity, if such services would be lawful as
32 provided if they occurred entirely in this state.

33 (c) Notwithstanding any other law or provision of this chapter to the contrary, arrest of a
34 person is prohibited if the arrest is related to criminal liability that is based on legally protected

1 healthcare activity or aiding and assisting legally protected health care activity.

2 (d) This section shall not apply to:

3 (1) Any investigation or proceeding where the conduct subject to potential liability under
4 the investigation or proceeding would be subject to liability under the laws of this state if committed
5 in this state; or

6 (2) A public agency or employee, appointee, officer or official who, in the course of normal
7 business, is responding to a warrant or extradition demand on the good faith belief that the warrant
8 or demand is valid in this state.

9 SECTION 3. Chapter 12-9 of the General Laws entitled "Extradition" is hereby amended
10 by adding thereto the following section:

11 **12-9-36. Legally protected healthcare activity exception to extradition.**

12 Notwithstanding any other provision in this chapter to the contrary, except as required by
13 federal law, the governor shall not surrender a person charged in another state as a result of
14 engaging in legally protected healthcare activity as defined in § 23-100-2 or aiding and assisting
15 legally protected healthcare activity as defined in § 23-100-2 unless the executive authority of the

10 (b) An insurer that issues malpractice insurance for a healthcare provider who is certified,

27 covered services as defined in the applicable health benefit plan.

28 SECTION 5. Section 23-17-53 of the General Laws in Chapter 23-17 entitled "Licensing
29 of Healthcare Facilities" is hereby amended to read as follows:

30 **23-17-53. Physician contracts.**

31 (a) A hospital, by contract or otherwise, may not refuse or fail to grant or renew medical
32 staff membership or staff privileges, or condition or otherwise limit or restrict medical staff
33 membership or staff privileges, based in whole or in part on the fact that the physician or a partner,
34 associate, or employee of the physician is providing medical or healthcare services at a different

1 hospital, hospital system, or on behalf of a health plan. Notwithstanding the previous sentence, a
2 hospital may condition or otherwise limit or restrict staff privileges for reasons related to the
3 availability of limited resources as determined in advance by the hospital's governing body. Nor
4 shall a hospital by contract, or otherwise, limit a physician's participation or staff privileges or the
5 participation or staff privileges of a partner, associate, or employee of the physician at a different
6 hospital, hospital system or health plan.

7 (b) This section does not prevent a hospital from entering into contracts with physicians to
8 ensure physician availability and coverage at the hospital or to comply with regulatory requirements
9 or quality of care standards established by the governing body of the hospital, if contracts,
10 requirements or standards do not require that a physician join, participate in or contract with a
11 physician-hospital organization or similar organization as a condition of the grant or continuation
12 of medical staff membership or staff privileges at the hospital.

13 (c) This section does not prevent the governing body of a hospital from limiting the number
14 of physicians granted medical staff membership or privileges at the hospital based on a medical
15 staff development plan that is unrelated to a physician or a partner, associate, or employee of a
16 physician having medical staff membership or privileges at another hospital or hospital system.

17 (d) A contract provision that violates this section shall be void and of no force and effect.

18 (e) Hospitals shall allow patients of their medical staff to be evaluated and educated by the
19 various appropriate departments of the hospital upon referral by their treating physician, regardless
20 of the physician affiliation, as long as the physician has unrestricted privileges in their field of
21 practice.

22 (f) A hospital shall not take any adverse action, including, but not limited to, refusing or
23 failing to grant or renew medical staff membership or staff privileges, or condition or otherwise
24 limit or restrict medical staff membership or staff privileges, based, in whole or in part, as a result
25 of an adverse action against a healthcare provider's license or clinical privileges or other
26 disciplinary action by another state or healthcare institution that resulted from the healthcare
27 provider's engagement in legally protected healthcare activity, as defined in § 23-100-2, or aiding
28 and assisting with legally protected healthcare activity, as defined § 23-100-2, if the adverse action
29 was based solely on a violation of the other state's law prohibiting such legally protected healthcare
30 activity and related services, if that legally protected healthcare activity is consistent with the
31 applicable professional standard of care and did not violate Rhode Island law.

32 SECTION 6. Section 5-37-9.2 of the General Laws in Chapter 5-37 entitled "Board of
33 Medical Licensure and Discipline" is hereby amended to read as follows:

34 **5-37-9.2. Physician profiles — Public access to data.**

1 (a)(1) The board shall compile the information listed in this section to create individual
2 profiles on licensed physicians, in a format created by the board, consistent with the provisions of
3 this section and any regulations promulgated under this section, that are available for dissemination
4 to the public and that include a conspicuous statement that: "This profile contains certain
5 information that may be used as a starting point in evaluating the physician. This profile should not
6 be your sole basis for selecting a physician."

7 (2) The following information shall be compiled by the board in accordance with state laws
8 and board regulations and procedures and shall be included in physician profiles, subject to the
9 limitations and requirements set forth below:

10 (i) Names of medical schools and dates of graduation;

11 (ii) Graduate medical education;

12 (iii) A description of any final board disciplinary actions within the most recent ten (10)
13 years;

14 (iv) A description of any final disciplinary actions by licensing boards in other states within
15 the most recent ten (10) years;

16 (v) A description of any criminal convictions for felonies within the most recent ten (10)
17 years. For the purposes of this subsection, a person is deemed to be convicted of a crime if he or
18 she pleaded guilty or if he or she was found or adjudged guilty by a court of competent jurisdiction,
19 or was convicted of a felony by the entry of a plea of nolo contendere;

20 (vi) A description of revocation or restriction of hospital privileges for reasons related to
21 competence taken by the hospital's governing body or any other official of the hospital after
22 procedural due process has been afforded, or the resignation from or nonrenewal of medical staff
23 membership or the restriction of privileges at a hospital. Only cases that have occurred within the
24 most recent ten (10) years, shall be disclosed by the board to the public; and

25 (vii) All medical malpractice court judgments and all medical malpractice arbitration
26 awards in which a payment is awarded to a complaining party since September 1, 1988, or during
27 the most recent ten (10) years, and all settlements of medical malpractice claims in which a payment
28 is made to a complaining party since September 1, 1988, or within the most recent ten (10) years.
29 Dispositions of paid claims shall be reported in a minimum of three (3) graduated categories
30 indicating the level of significance of the award or settlement. Information concerning paid medical
31 malpractice claims shall be put in context by comparing an individual physician's medical
32 malpractice judgments, awards, and settlements to the experience of other physicians licensed in
33 Rhode Island who perform procedures and treat patients with a similar degree of risk. All judgment,
34 award, and settlement information reported shall be limited to amounts actually paid by or on behalf

1 of the physician.

2 (3) Comparisons of malpractice payment data shall be accompanied by:

3 (i) An explanation of the fact that physicians treating certain patients and performing
4 certain procedures are more likely to be the subject of litigation than others and that the comparison
5 given is for physicians who perform procedures and treat patients with a similar degree of risk;

6 (ii) A statement that the report reflects data since September 1, 1988, or for the last ten (10)
7 years and the recipient should take into account the number of years the physician has been in
8 practice when considering the data;

9 (iii) An explanation that an incident, giving rise to a malpractice claim, may have occurred
10 years before any payment was made due to the time lawsuits take to move through the legal system;

11 (iv) An explanation of the effect of treating high-risk patients on a physician's malpractice
12 history; and

13 (v) An explanation that malpractice cases may be settled for reasons other than liability
14 and that settlements are sometimes made by the insurer without the physician's consent.

15 (4) Information concerning all settlements shall be accompanied by the following
16 statement: "Settlement of a claim may occur for a variety of reasons that do not necessarily reflect
17 negatively on the professional competence or conduct of the physician. A payment in settlement of
18 a medical malpractice action or claim should not be construed as creating a presumption that
19 medical malpractice has occurred." Nothing in this section shall be construed to limit or prevent
20 the board from providing further explanatory information regarding the significance of categories
21 in which settlements are reported.

22 (5) Pending malpractice claims and actual amounts paid by or on behalf of a physician in
23 connection with a malpractice judgment, award, or settlement shall not be disclosed by the board
