

Do Not Contact

Learn about how you can be removed from any marketing communication sent by Boost Mobile.

If you want to add your number to the National Do Not Call List, call (888) 382-1222 (voice) or (866) 290-4236 (TTY). You can also register at <https://donotcall.gov/>

If you do not wish to receive telemarketing communications from Boost Mobile, call us to place your information on our Do Not Contact List, contact us via my.boostmobile.com, use the [Do Not Contact Request form online](#), or by calling us at 833-50-BOOST (833-502-6678). Please include your name, address, email address, and all telephone numbers you want included on our Do Not Contact List when you make your request. If your contact information changes, please notify us of your new name, address, email address, and/or telephone number(s) to remain on our Do Not Contact List accurately. We will remove your name and information from our active lists as soon as possible, but not more than thirty (30) days after you ask us to do so.

Being on our Do Not Contact List restricts telemarketing communications only. We may continue to contact you about service-related issues, surveys, billing, and other account-related topics at any time.
