

Gero Nurse Prep was developed with one objective in mind: to help RNs pass the ANCC board certification exam in Gerontological nursing.

Divided into 10 learning modules, the course is designed to assure mastery of content that will be covered on the certification exam. In each submodule, there is a section “Where is this on the ANCC Test?” so that the RN can see where on the ANCC test outline this material is found.

Where is this on the ANCC Test?		
<ul style="list-style-type: none">■ I. Assessment<ul style="list-style-type: none">■ Knowledge in evidenced based tools and techniques for assessment■ Skill in identifying risk factors	<ul style="list-style-type: none">■ II. Plan of Care<ul style="list-style-type: none">■ Skill in coordinating care with others■ Facilitating a safe environment	<ul style="list-style-type: none">■ III. Professional Practice<ul style="list-style-type: none">■ Skill in intervening to address the vulnerability of older adults■ Using evidenced based communication techniques specific to older adults in different settings
