

Jeeng AdServe

Earn your subscribers' trust with the fully integrated Jeeng monetization ecosystem.

Jeeng AdServe extends online campaigns to maximize engagement

- Easily extend your direct campaigns seamlessly into email, integrating with existing ad server platforms.
- Upload creative just once and effortlessly maintain a healthy revenue ecosystem that delivers innovative, personalized content that boosts engagement and brand credibility.
- Unfilled ad space? No problem - Jeeng automatically backfills from our native ad network for guaranteed monetization on every send.

Personalized content that brings your audience (and your revenue) back

Secure customers

Monetize email campaigns with personalized ad content that helps you connect and cultivate long-term relationships with your subscribers.

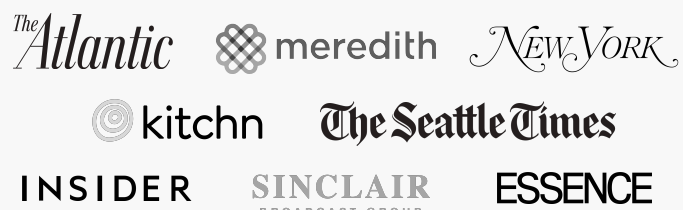

Seamless Integration

Works with all platforms, devices and ESPs - easily up and running in 15 minutes with zero up-front-cost, no minimums and guaranteed ROI.

Smart Personalization

Our algorithm delivers precisely targeted content based on deep audience intelligence to maximize engagement and drive revenue.

We work with some of the best publishers in the business
