Mission Statement

The Kapo'oloku Program for Native Hawaiian Student Success exists to ensure that Kapi'olani Community College (KCC) programs and services are equitable for students of Hawaiian ancestry. The program provides a solid foundation for students by reinforcing the importance of education by promoting personal growth and development within the social, community and cultural contexts of Hawai'i's history.

Goals

1. Coordinate initiatives at KCC that support Native Hawaiian student success.
2. Serve as the piko for KCC programs serving Native Hawaiian students.
3. Identify barriers for Native Hawaiian students that impact success at KCC.
4. Plan, develop and implement programs that encourage student development towards success through academic equity, servant leadership and participation in co-curricular activities.
