

## Dissertation Hour Registration Form

Doctoral candidates must register for dissertation credit (at least 1 hour) each academic semester (fall and spring) until the dissertation is completed. If you fail to register each semester, you will be required by the Graduate School and the Bursar's Office to pay continuous enrollment fees for the semesters for which you did not register before you can receive your Ph.D.

To receive clearance for registration, print and return this form with the required signatures to the Department of English Registrar in Patterson 467. In order to allow time for processing, please do this well in advance of your registration deadline.
