

PEXIP CONNECT

# Essentials

Interop-enable your Microsoft Teams or Google Meet meetings so anyone can join using SIP or H323 video systems.

## Make your virtual meetings universally compatible

With Pexip Connect Essentials, you can interop-enable your meetings so anyone can join your Microsoft Teams or Google Meet calls using standards-based video conferencing technology rooms and systems. Pexip automatically adds the necessary Cloud Video Interop (CVI) capabilities to your Teams meeting invites, or the necessary join capabilities for your Google Meet invites every time you schedule a meeting. Internal and external participants can simply join meetings, communicate, share content and collaborate the way they are used to.

### Make meetings interoperable

Make sure everyone can join your meetings and benefit from familiar in-meeting video and content sharing and collaboration experiences.

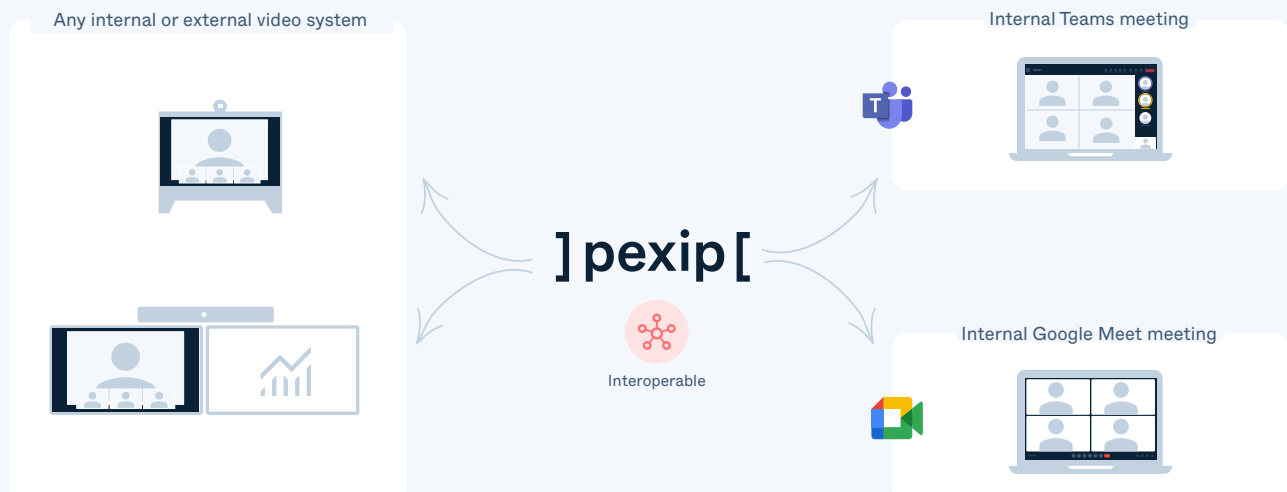

### Make meetings more efficient

Pexip Connect Essentials automatically adds all the required compatibility components and join instructions to every meeting invite.

### Certified by Microsoft and Google

Being Certified for Microsoft Teams and Google Meet guarantees current and future functionality, support, and capabilities.

Use SIP/H323 systems to join Microsoft Teams or Google Meet meetings

## Product Specifications

Pexip Connect Essentials is available for both Microsoft Teams and Google Meet. Simply choose your preferred meeting platform, and Pexip will automatically ensure SIP and H323 compatibility for all your virtual meeting invitations.
