Add Courses for Fall Term 2023

By Subject | DegreeWorks | By Section Attribute | By Instructor | By CRN

Subject: Mathematics

Course: 1130 College Algebra

Mathematics 1130 - College Algebra

This course is designed for non-science majors, this course includes a study of sets, linear and quadratic equations, inequalities, exponents and radicals, functions and graphs, variation, complex numbers, and

Courses

- ENGL 1010
English Composition I
- CHEM 1030
Fundamentals of Chemistry
- HIST 2320
Modern World History
- MATH 1130
College Algebra

- Click the **Generate Schedules** button to view your schedule options.

Tip: Hover your cursor over the magnifying glass icons to preview the times and days for each schedule.

- Click **Open** to view the detailed schedule of your choice.

Tip: To reduce the number of schedule options, add **Breaks** and/or use the **Change** buttons to modify your **filters**.

Tip: Purple “Has Notes” flags indicate section-specific information and/or restrictions. Click the **Sections** button in the Courses list to select/unselect specific sections.

The screenshot shows a user interface for selecting courses and breaks. On the left, under 'Courses', there are four items: CHEM 1030 (Fundamentals of Chemistry), ENGL 1010 (English Composition I), HIST 2010 (Early United States History), and MATH 1130 (College Algebra). Each course has a 'Sections' button and a 'Has Notes' flag. On the right, under 'Breaks', there are two items: 'basketball practice' (MTTh - 12:45pm to 3:30pm) and 'no night classes' (MTWTh - 4:00pm to 9:00pm). Below these is a 'Schedules' section with a 'Generate Schedules' button and a 'View Schedules' button. A notification box states: 'Click Open to see schedule details. Looks like you have many scheduling options! Try using breaks, locks and course options to narrow your results. Generated 1000+ Schedules'. Below the notification is a calendar view showing four 'Open' options with magnifying glass icons. The calendar shows time slots from 8am to 3pm and days from Monday to Friday. A list of course IDs is shown to the right of the calendar.

Register Your Chosen Schedule

- When you have built the perfect schedule, click the **Send to Shopping Cart** button and move to step 9.

PAY CLOSE ATTENTION to the campus(es) you are registering and to the number of Seats Open!

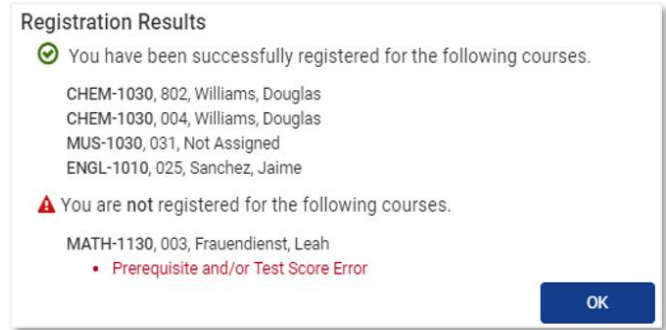

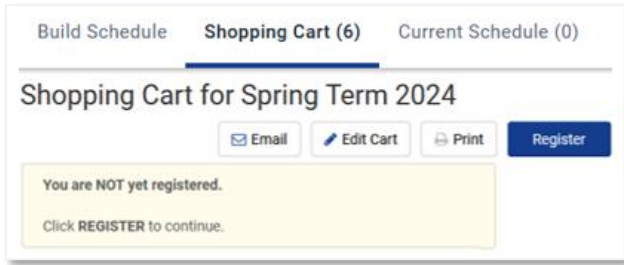

Online: Asynchronous courses will not list days or times or have a colored block in the calendar view.

Tip: To keep searching, click the **<Back** button or use the toggle arrows at the top right to view other schedule options.

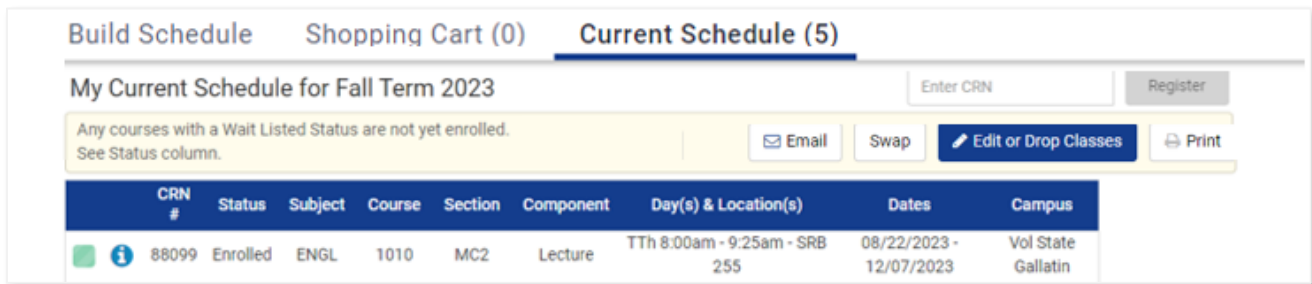

Tip: Click the Email button to email this schedule information to yourself or your advisor.

The screenshot shows a 'Potential Schedule for Fall Term 2023' interface. At the top, there are buttons for 'Build Schedule', 'Shopping Cart (0)', and 'Current Schedule (0)'. Below is a table with columns: Status, CRN #, Subject, Course, Section, Seats Open, Day(s) & Location(s), Dates, and Campus. The table lists four courses: CHEM 1030 (Section 004, 11 seats open, TTh 2:20pm - 3:45pm), CHEM 1030 (Section 801, 2 seats open, M 11:10am - 2:00pm), ENGL 1010 (Section 011, 1 seat open, TTh 12:45pm - 2:10pm), and MUS 1030 (Section 031, 34 seats open, MW 2:20pm - 3:45pm). Below the table is a weekly graph showing the schedule for weeks 1 through 16. The graph has columns for days of the week (Monday to Friday) and rows for time slots (11am to 4:15pm). A text box over the graph states: 'Weekly graph denotes accelerated partial-term courses and the weeks they begin and end.' Below the graph is a detailed calendar view for Monday through Friday, showing course blocks for CHEM-1030 (Williams, Douglas) and MUS-1030 (Not Assigned) at various times.

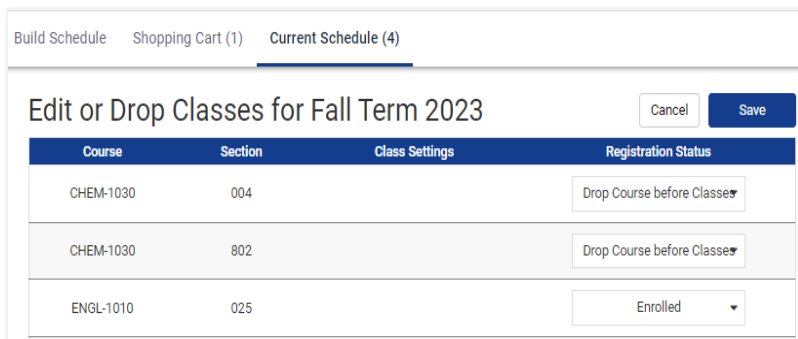

9. Click the **Register** button in your Shopping cart to enroll in your selected courses.
10. Review your Registration Results to verify the courses successfully registered, waitlisted, or not registered due to errors.

Current Schedule – View Your Schedule or Drop, Add, Edit, Swap Registered Courses

To drop a course from Current Schedule: Click **Edit or Drop Classes**, change Registration Status to **Drop Course**, **Save**, then review your **Registration Results** to confirm the course was successfully dropped.

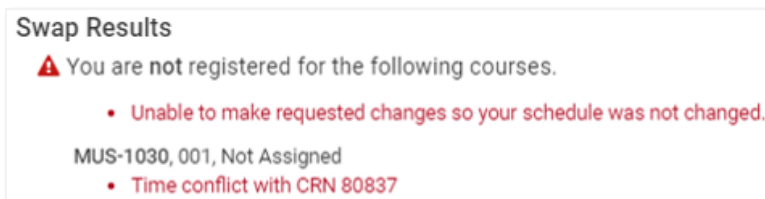

To add a course directly by CRN (Course Reference Number):

Type the CRN(s) in the field provided (separate multiple CRNs with a “,” comma).

To swap a course (drop and add at the same time): Click **Swap**, select the **class you want to drop**, search for the **new class** from your Shopping Cart, by CRN, or by Subject to see all available sections for a course, select **Drop Course**, and **Swap**. Review your **Registration Results** to confirm the course was successfully dropped.

Swapping Tip: The swap feature **does not check for time conflicts** with your other registered courses until you click Swap. If you accidentally select a course that conflicts with another course on your schedule you will see a Time Conflict error.

How to Use the Waitlist Feature for Closed Sections

Waitlist a closed section of a course to indicate you want to be notified if a seat becomes available for you to register. If a seat opens, the first person on the waitlist receives email notification they have 24 hours to register the waitlisted section. If they have not registered within 24 hours the second person on the waitlist is notified they have 24 hours to register, and so forth. **Check your Vol State email daily for updates.**

Allowed: Waitlisting more than one course and/or multiple courses with the same meeting days/times.

Not Allowed: Waitlisting any section of a course if you are enrolled in or waitlisted another section of the **same course**.

1. Navigate to **Build Schedule** and click the Course Status **Change** button to select the **Open & Full w/Waitlist Open** option.
